Keep the rest frozen. Cakes and moist loaves freeze well too, so do the same thing with them. Don't think about the diet as a strict thing you must do, but as a thing you wish to do, and simply eat less and exercise more.

SCALLOPED TUNA. 2 cups minced onion, 1 tablespoon all-purpose flour, 1 teaspoon salt, 2 eggs, slightly beaten, 2 1/2 cups water, 2 cans water packed tuna, 1 onion, minced, 1/2 cup minced parsley, fresh.

Keep the fat frozen. When cooking pot roast, trim most of the fat off, do leave some for flavor. I cook a chuck roast one day, refrigerate, and the fat has hardened all in it, and refrozen in a slow oven. It is tender and fat free. Do not cook the vegetables around the meat. They simply soak up the fat. Cook the vegetables separately.

Interest deduction should stay

Any attempt to limit or eliminate the tax deduction for home mortgage interest payments will face stiff opposition in the Senate, according to U.S. Senator Wendell Ford (D-Ky.). Ford's prediction came in response to recent reports that the Reagan Administration is considering limits on the deductibility of interest on home mortgages. Last week, Ford co-sponsored legislation to prevent any limits from being imposed.
