Fires

Myers Station at 1:56 p.m. Wilson said that the blaze caused no substantial damage to the home. He said the fire was caused by cigarette burning in the chimney. Wilson also reported a fire early last week at the home of Edith Harrison on Carpenter Pike. He said that county fire fighters responded in a call at 11:30 p.m. at the Naomi Henry farm.

The blaze was attributed to a chimney building in the chimney, according to Wilson. No major damage was reported.

Frigid cold

drools without heat for as long as seven hours in the subzero weather. A power outage in Mullersburg, Meigs, and Ohio counties left persons in those western Kentucky counties without electricity because of a fire at a R.E. power station. The official low of 13 below smashed the old record low for Jan. 10 which was set in 1923, the year the weather service started keeping records.

Board member James Anderson questioned whether the program was discriminatory in catering only to the students who would be eligible to receive Social Security. Both McMillen and Elder said that the program would be open for any student in good standing who was a bona-fide full-time college student.
