

### Wintersheimer runs for Supreme Court

Judge Donald C. Wintersheimer of the Court of Appeals has formally announced that he will seek election to the Supreme Court from the Sixth Supreme Court area, which includes Nicholas County.

"I plan a fair and faithful performance of the duties of Supreme Court Justice," Judge Wintersheimer said.

Election to the position on a full-term basis represents a logical development in my career in an independent and professional, non-political judiciary."

A judge of the Court of Appeals since election in 1976, Wintersheimer promised a complete and comprehensive campaign to the entire 36-county appellate district.

Born in Covington, Judge Wintersheimer is a graduate of Thomas More College; he also holds a master's degree from Xavier University and a law degree from the University of Cincinnati.

The owner was outside when he heard the explosion. When he looked the trailer was engulfed in flames," Wilson said.

Don't eat that record fish!

It's hard to tell how many potential state or even world record fish are killed and eaten every year, or how many are turned over to taxidermists before positive identification can be made.

The Department of Fish and Wildlife Resources, the official recorder of record fish caught from Kentucky waters, is forced to disqualify several possible records every year because the fisherman acted a little too hastily, either in closing his catch or in having the mounting process started.
