Employee of the Quarter

Eva Gray has been named the employee of the quarter at the First National Bank of Carlisle. She is shown here receiving her award from Andy Dudley, president. Ms. Gray, who is the daughter of Mr. and Mrs. Stanley E. Gray of Ewing, also receives a check for \$200. Ms. Gray is in charge of certificates of deposit, is the vault custodian and is also the new accounts clerk. — Mercury

ASC farm notes

Local tobacco producers were recently mailed a postcard asking them to certify to the use or non-use of EDT, TSC, Transphene and Endox. Tobacco treated with any of these chemicals will not be eligible for price support. Tobacco marketing cards will only be issued to farms on which tobacco is produced and for which the certification postcard has been completed.

The 1982 wheat program sign-up period has been rescheduled to begin Oct. 1 instead of Sept. 7. Instead of 30 percent acreage reduction program, the reauthorization legislation provides for a combination 13 percent acreage reduction and five percent paid land diversion. The land diversion is based on 87.7% per bushel times the farm yield times the acres diverted.

Producers must limit the wheat acreage planted for harvest to no more than 80 percent of the farm's wheat base. They must also devote 30 to conservation uses an acreage equal to both the acreage reduction and land

diversion requirements. The On-farm Reconciliation Act requires the 1982 wheat acreage base to remain the same as the base established for the 1982 wheat crop. Land designated for conservation use must have been devoted to row crops or small grains in two of the last three years. Land use for conservation use acreage in 1982 will be regarded as having been stopped in meeting this requirement.
