KET add new business series to Friday lineup

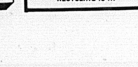

At a time when economic news is often the news, public television and KET have announced plans to add a new business series to its Friday night lineup. The new series, "Entrepreneur," is a 15-week series of real-life business adventures, premieres Friday, Jan. 21, at 9 p.m. on KET. Hosted by veteran newsmen Eric Susskind, "Entrepreneur" goes behind the statistics and charts to show real people making critical decisions and bearing the consequences. "Entrepreneur" is the nation's only an extraordinary portrait of a small business. Following the Emmy Award-winning "Entrepreneur" series, KET presents "Inside Business Today," airing Fridays at 9:30 p.m. The half-hour program, hosted by Dick Goldberg, focuses on different aspects of the business world with people who have been there and know the myths and realities of the business world. On Jan. 21 premiere, Goldberg and guests consider job prospects for the 80's - where to find them and how to get them.

"Inside Business Today" is produced by WLA-TV, Waco, Texas. "Entrepreneur" is a production of WGBH, Boston.
