

Road to championship ends, 36-0

Beechwood blanks Jackets again

By Rhonda Vaughn

The Beechwood Tigers were the best team the Nicholas County Bluejackets played this year. They proved it during the season and again last Friday night in the playoffs for the championship of the county, defeating the Jackets 36-0. Beechwood won the regular season game 35-4.

The Bluejackets provided much tougher opposition, but the results were the same. Beechwood drove for a touchdowns on their first possession. However, their second touchdown didn't come until they were only 45 seconds left in the half.

The third touchdown came on a long pass in the third quarter and the fourth on a power sweep at the end of the third quarter. They scored their last touch-down on a line back with the fourth quarter half over.

The Bluejackets made valiant efforts during the entire game, but the Tigers had too much of everything. It took two. This was a super team when the makeup is considered. Six seniors, eight juniors, five sophomores, 15 freshmen and five eighth graders led the team on the field and had a great season which included a district championship.

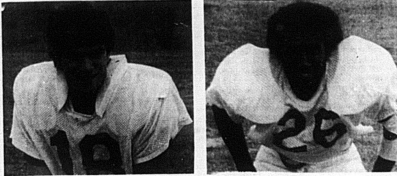

Stats at Beechwood: McElferty, 15 carries, 48 yards; Hester, one punt, 20 yards; Anderson, one of seven passes, 48 yards; Hester, one interception; G. Robinson, five punts, 143 yards; Hester, one carry, no yards.

Leeved a red surprise last week when 69 Oyster Henderson did not join 2 Kenny Walls and 4 Mike Abram as expected. Leeved signed George Young (fourth year) from Union to join the team. Leeved a defection from Union to join the team. Leeved a defection from Union to join the team.

See final gridiron action

passing seven touchdowns on the season. He led the team in all-purpose yardage. Robert Hopkins, the Jackets' leading runner and scorer with 194 points, was featured in last week's 150-pound wideback, was the team's second leading scorer with 78. Anderson totaled 56 points, third best among Jacket backs, while

7th, 8th grade cagers open season tonight

The Nicholas County seventh and eighth grade basketball teams enter into action Thursday night in their season openers at the Nicholas County Elementary gymnasium. The squads have been practicing since mid-October. The seventh grade team is coached by Coach Clark, and the eighth grade team is coached by Coach Hester.

Last year's seventh graders posted an outstanding 19-2 record and Coach Billy Anderson is expecting even bigger and better things from them as eighth graders.

The Bluejackets had a wonderful season. To make success without detracting from their fine showing, there was a great improvement in all phases of the game. Our school and community appeared to reap the rewards of this season and high morale that accompany such success.

Local task force on drugs

Robert Hester, center, and Sharon Hatton led a discussion on drugs during the local task force meeting Nov. 9 in the high school library. Some 30 people from all sections of the community, including pharmacist Rusty Lawrence, left, attended the meeting.

After a lengthy discussion concerning the prevalence of chemical abuse in Nicholas County, the members of the group that was formed to determine if there was sufficient interest to make the task force an ongoing effort to discourage chemical abuse in the community.

UK Sports Report

It is the chance of UK's football team receiving a bowl bid that has been the focus of the team's efforts. The Wildcats were squashed last week in a bowl game. Hank Jenkins had to be lifted for neck-injuries once again and UK, well, seems to be turning into a pumpkin already.

A respectable loss, whatever that might have been, is better than no bowl game. UK, well, seems to be turning into a pumpkin already.

Among state schools Kentucky, Louisville and Western Kentucky signed bowl bids for basketball prospects last week.
