

Bass instead of bucks

While some hunters were in the fields looking for trophy bucks on the last day of the hunting season, Billy Dixon, left, and Ray Snapp decided to try for trophy bass in Tycart Creek in Carter County. And judging from this picture the local pair did quite well. Indeed, the total catch, not all of which are shown, weighed 25 pounds. — Photo submitted.

Council hears tax proposals

working on communications merit and citizenship in the community leagues. Matthew is striving for the Eagle Scout and sewer permit, which reportedly no one authorized them to do.

Furthermore, it was noted the figures were completed and filled out by Blagrove ACD. From this point on, no work will be done by Bell unless specifically authorized by Mayor Hughes.

Council praised
The Department of Local Government in Frankfort recently praised Carlisle for the renovations with which they were paying off the indebtedness on the sewer line renovation project. The mayor was informed that some city governments were not only behind with payments on similar projects, but that lawyer fees were often incurred to try to collect the payments.

Scored in attendance
Two high school Boy Scout Troop 86 members, Matthew Gutierrez and James Parks, were present at the meeting observing and taking notes on the working of city government. They are

Deaths

WILLIAM C. DELANEY
William C. Delaney, 66, formerly of Fleming County and a retired farmer, died Thursday, Nov. 10, 1983 at the Johnson-Mathers Nursing Home. Survivors are one brother, Homer Delaney, Fleming County, two sisters, Mrs. Eugene Houston, Cincinnati, OH, and Mrs. Woody Fryman, Fleming County. Services were Sunday, Nov. 13, at Mt. Taber Methodist Church by the Rev. Roy Bush. Burial in Mt. Taber Cemetery.

Casket bearers were Houston Delaney, Lee Delaney, Woody Fryman, Steve Wormald, Billy Wormald and Larry Burin.

Mathers-Gaunce Funeral Home in charge of arrangements.

WHY BLUE IS OUR BEST!
The Neo-Vision™ system incorporates two dramatic technologies:
1) The new blue picture tube employs a rare-earth element (Neodymium) as an integral part of the glass. It selectively filters out unwanted light that can fade images on ordinary picture tubes.
2) It also has a filtered phosphor stripe screen that's been specially limited to absorb ambient room light.

THE RESULT: Improved contrast and more life-like color in any room lighting.
