Jackets crush Rowan nine

A 13-man second string expedition carried the Wildcats County 94-34 over visiting Rowan County in the opening game of the 1984 basketball season Monday afternoon.

The big loss, a great start home by starting selection Steve Anderson, propelled the Jackets to a 13-0 record. The team, which was a Rowan team which last year advanced to the state semifinal round before losing to eventual winner Owensboro.

Under high school rules, the game is officially over if one team commands a 20-point lead after 15 minutes.

FIVE JACKETS collected the 15-point lead after 15 minutes. The team, which was a Rowan team which last year advanced to the state semifinal round before losing to eventual winner Owensboro.

Focus on Schools Spring testing program

The Kentucky Department of Education is conducting a comprehensive testing program for students in the state. The program is designed to assess student achievement in various subjects and to provide feedback to schools and teachers.

The testing program is being conducted in a number of schools across the state. The results of the testing will be used to identify areas where students are having difficulty and to develop strategies to improve their performance.

Leather . . . Nature's Own Creation

Leather comes to you home naturally. Every piece of leathercraft leather upholstery bears faint marks on its surface called range marks. These are your guarantee of top grain leather, marked with the steer's life on the range. Well known for its unsurpassed quality, warm feel and outstanding durability, leather outlasts other upholstery materials. Nature created it that way.
