

Kindergarten line-up. Kindergarten students in Anne Board's class line up for the first day of school last Thursday.

Kay's Kitchen

- It's that time of year - canning, making pickles, and jelly and preserves. In the recipe making for sweet pickle recipe I'm not sure if it's pickles or simply pickles as here are some of each.
- CUCUMBER RELISH**
2 quarts chopped cucumbers, peeled and seeded if cucumbers are large
4 tablespoons mustard seed
Salt and cayenne pepper to taste
1 medium size green pepper, chopped
2 cups vinegar
2 cups chopped onion
2 cups sugar
1/2 cup vegetable oil
1/2 cup water
Cook until tender. Drain off liquid, then add remaining ingredients and cook 15 minutes in boiling water bath for 10 minutes (start timing when water returns to boiling). Makes 8 quarts.
- BREAD AND BUTTER PICKLES**
4 sweet peppers, use 3 green, 1 red if possible
4 onions, sliced
3 cups sugar
1/2 teaspoon turmeric
1/2 teaspoon mustard seed
1/2 teaspoon cayenne
1/2 teaspoon powdered alum
Slightly compressed, slice off and discard top (stem end). Then slice them 1/4 in. to 1/2 inch thick. Cut peppers into bite-size. Combine sugar, vinegar, spices and alum. Bring to boiling, add vegetables and heat 10 minutes. Pack into hot, sterilized jars, leaving 1/2 inch headspace. Adjust per lid. Lower jar into actively boiling water and process five minutes after water returns to boil. Remove jars from bath and complete seal if necessary. Makes seven or eight pints.
- CREAM PICKLE SLICES**
Slice organic cucumbers with wooden picks so they're easy to remove.
4 quarts sliced cucumber
1/2 cup kosher salt
6 medium white onions, sliced (4 cups)
2 green peppers, sliced (1 1/2 cups)

Hildreth School tours create 'a sort of magic'
The elderly lady's daughter had taken her from the nursing home just to spend the day at the school.

The excited guests exhibited to years of wonder and delight of mice and jiggles by the young housewife.

The little boy with round, questioning eyes, who had been in the room for 10 days, was asked to go to the room for the night.

A lady called the same room later in the day. "When are we going to be in again?"

The repetition of the Aug. 13, 1984 Hildreth School tours sponsored by the Nicholas County Historical Society were typical of the scenes and comments made.

It seems as if a sort of magic was created those two days. It was a magic rarely seen in Nicholas County for the world had not been kind. Farmers were watching crops dry up in another drought-stricken summer. Trash dumpsters were overflowing because of a contaminated truck. News papers and television told of large manure piles being discovered within or near the county's borders. Everyone brought his problems to the school, but left them at the front door.

The magic was created by the contributions of a few. There were those who helped raise money just repairs (like Elaine Harshoff). There were those who helped with the building and took care of the yard (such as Mrs. Paul Smith of Lexington). There were those who helped with the food (Mrs. Joan Yamer and E.M. Hildreth Jr.) and others helped with the school (such as Mrs. Fred Hiller of Lexington). There were those who helped with the school (such as Mrs. Fred Hiller of Lexington). There were those who helped with the school (such as Mrs. Fred Hiller of Lexington).

News papers and television told of large manure piles being discovered within or near the county's borders. Everyone brought his problems to the school, but left them at the front door.

The magic was created by the contributions of a few. There were those who helped raise money just repairs (like Elaine Harshoff). There were those who helped with the building and took care of the yard (such as Mrs. Paul Smith of Lexington). There were those who helped with the food (Mrs. Joan Yamer and E.M. Hildreth Jr.) and others helped with the school (such as Mrs. Fred Hiller of Lexington). There were those who helped with the school (such as Mrs. Fred Hiller of Lexington).

Hildreth School tours create 'a sort of magic'
The elderly lady's daughter had taken her from the nursing home just to spend the day at the school.

The excited guests exhibited to years of wonder and delight of mice and jiggles by the young housewife.

The little boy with round, questioning eyes, who had been in the room for 10 days, was asked to go to the room for the night.

A lady called the same room later in the day. "When are we going to be in again?"

The repetition of the Aug. 13, 1984 Hildreth School tours sponsored by the Nicholas County Historical Society were typical of the scenes and comments made.

It seems as if a sort of magic was created those two days. It was a magic rarely seen in Nicholas County for the world had not been kind. Farmers were watching crops dry up in another drought-stricken summer. Trash dumpsters were overflowing because of a contaminated truck. News papers and television told of large manure piles being discovered within or near the county's borders. Everyone brought his problems to the school, but left them at the front door.

Elect Robert W. McGinnis District Judge

General Election November 6, 1984

Harrison • Nicholas • Pendleton • Robertson

Open Letter to the Voters in School District 1

Dear Neighbors:

I haven't begun my public campaign yet, but I wanted to get to touch with you to get your attention and hopefully your support.

Running against two "home-grown" fellows makes it a "long run to hoe". But, after thinking, fretting a little and praying over the whole thing, I decided this:

I give you credit for being too smart and for loving your kids too much to let friendship, kinship, or any other kind of whim come before doing what's best for your kids' futures.

When you get to know me (and I will) you should know me all after, before or behind, and I tell you what I stand for, you will make the right choice. You will give me a chance to help improve education in Nicholas County for our children.

I'm a dedicated mother of four schoolchildren, and I intend to be just as dedicated in forwarding the education system that will prepare them for life.

I have the ability, the interest, the time, and the determination just to fill a seat on the board, but to be an honest-to-goodness contributing member.

I want to be your School Board representative for all the right reasons. I'm counting on you to vote for all the right reasons.

Sincerely,
Rose Marie Farald

Stull TV & Appliance Service

"Sales of Satellite TV Systems" "Repair of Satellite Equipment in our Shop in and out of warranty."
