UK Sports Report

Winning the program called the Law Institute, Kentucky high school coaches with the most distinguished records in basketball and football seems to have caught the fancy of many fans across our Commonwealth.

I have received letters and telephone calls from across Kentucky letting me know that "we need to belong to your basketball (or football) like you."

A note came from basketball coach Bob Haggard at Orlan County High, "High school... something... I'm setting up an annual report on coaches... on what old coaches are doing now... Good idea... I'd like to see your format."

On the football side a former All-Star at Madisonville High and member of the 1968 national grid team, Bob Butler suggested last week a number of old-time grid coaches who have come on the scene and gone quietly without much notice. Like Haggard, he suggested it would be a good idea to research old records and recognize some of Kentucky's most famous men in their profession.

Coach Lester Mimms coached basketball at Farrington High for 20 years and never had a losing season. Dan Greenwell coached football at Bertsville High for more than 20 years. What was his greatest record? Whatever happened to coach Ben Pumphrey?

The list goes on and on. And because it goes on and on, it touches many people in all sections of our state and Commonwealth. We do not know how many others do we?

People and things. Football: While searching our candidates for my football How List I have come across a new gem for grid trivia buffs.

Frank Clayton coached from 1946 to 1966 including 12 years at Caldwell County. Clayton played center and guard. Clayton coached at Caldwell County for 12 years. Clayton coached at Caldwell County for 12 years. Clayton coached at Caldwell County for 12 years.

Clayton said "I was a football who went to Western State on scholarship. Joe Zagers. He only weighed about 170 lbs. He was a football player at almost three decades old. "No body ever enjoyed it more than I."

Wall Green coached at Pineville, Bell County. Harold Mat Dinkens and Curtis from 1945 to 1965. Green was inducted into the Hall of Fame in 1970.

Harvey Yearis is better known today as Lee Majors of The Fall Guy on ABC-TV.

Best players Green ever coached? "The best running back was Buddy Bird. I'd like to see you and defense back on the Oakland Raiders at Carlin." "The best punter was Melvin Chandler (Carlin High) and Greg Page (Mid-dleboro)."

Page was the first black football player to sign a football scholarship at Kentucky. He died of a practice field injury while at UK. In his memory school officials named a dormitory after Page.

Touch of class. Thirty of Covington was so proud of her son and University of Kentucky guard Doctor Beal. Officials honored him last week with a 400 and silver to be named after him. "I checked out for all this. I wasn't even prepared." Beal told reporters.

Comment: A new posture Beal graduates this weekend with a degree in public relations. His high school coach at Covington, Hiram Reynolds Flynn said, "I think Beal represented Covington like we would like a young man to do. He's getting an education and graduating. That's what we hope all of them do when they leave."

Comment: Time to give Coach Joe H. Ball a program credit here. Four of UK's five winners will receive degrees this week and Bob Watkins has said he will continue to pursue his.

made a similar reference to it of 1 1/2 or 2 hours' academic requirements had to be signed with either of those schools? After all, did not both Louisville and Houston actively resist Williams with the intent of signing him? It goes to reason that if it is a verbal agreement to sign a contract, it is a contract. It is not a verbal agreement to sign a contract. It is a contract. It is not a verbal agreement to sign a contract. It is a contract.
