NO-NET-COST FUND UPDATE DUE NOV. 12

An updated report on the No-Net-Cost program is being issued this week as grower information, in advance of the burley tobacco market opening on Nov. 19, for sale of the 1984 crop.

This will be the first season under the nine cents per pound assessment, which the U.S. Department of Agriculture ordered some weeks ago. The 1984-85 market could add upwards of $50 million to the No-Net-Cost fund, designed by Congress to offset any future losses to the taxpayers by requiring producers to shoulder the burden.

At the time the No-Net-Cost law was enacted the tobacco price support program was under heavy attack. The plan was widely acclaimed as saving the tobacco program.

The updated report is to be presented at the annual delegates' meeting to be held November 12 at the Springs Motel in Lexington. The meeting is sponsored by the Burley Tobacco Growers Cooperative Association, for delegates in district elections held each September in choosing directors.

A booklet to be distributed at the meeting is being printed, reviewing the No-Net-Cost account operation by the Commodity Credit Corporation and its financial situation.

A total of $1,077,877.81 is now in the No-Net-Cost account, and earmarked to be applied against any future losses incurred in the price support program, beginning with the 1982 crop, and thereafter. None of the money has been paid out as of Oct. 31, 1984 and none will be unless a loss is incurred.

Absolute Auction

Saturday, Nov. 10 at 10 A.M.

207 Elm Street - Carlisle, Ky.

We have been authorized by Mr. and Mrs. Larry Burton to sell at **ABSOLUTE AUCTION** their Landmark Home. The house was built in 1847 and was the first Baptist Church in Carlisle.

The building has since been converted into a 9-room house consisting of 4 rooms and bath down and 4 rooms and bath up, with a third floor room measuring 40X20 feet approx. The house can be used as a whole 9-room house or split into two apartments with separate entrances. There are 2 gas floor furnances, washer/dryer hookups and has city gas, water and sewer. The walls are triple brick thick and is in excellent structural condition for its age. It also has a good asbestos roof and dirt floor basement.

This is a great rental property opportunity or a roomy house for a family. Call today to see the house before the sale.

Not Responsible for Accidents.

HEAP FUNDING REOPENS NOV. 12 FOR LOW-INCOME

The first segment of this year's Home Energy Assistance Program ended with approximately 53,000 applications from Kentucky households seeking help in paying winter heating bills. At the same time, officials with the Cabinet for Human Resources announced that there will be some additional funds to be carried over when the next segment of HEAP begins on Nov. 12.

Social Insurance Commissioner Jack Waddell said that eligible applications received to date won't exhaust funds available for the initial HEAP segment, which covered low-income households with elderly or disabled family members.

"We are estimating that once all of the eligible applications are funded, there will be approximately $7.5 million left over. This money will be added to the $7.6 million in assistance available during the next application period from Nov. 12 through Dec. 31," he said.

Waddell noted that although the second segment of HEAP is open to all low-income Kentucky households, there is no prohibition against applications by people who missed the segment just completed.

Veterans Day...1984

Veterans Day 1984 marks the seventh anniversary of the return of the observance to November 11 and the tradition of honoring the unknown dead soldier at Arlington on the 11th hour of the 11th day of the 11th month.

From 1971 to 1977, Veterans Day was observed on the fourth Monday in October in compliance with a 1968 law that changed most national holidays to Mondays.

Believing, however, that the November 11 date held great significance for this country, Congress passed a law in 1977 which returned the holiday to November 11. The law became effective in 1978, the 60th anniversary of the World War I armistice.

Since November 11 falls on Sunday this year most federal, state and local government offices will be closed on Monday, November 12, in observance of the holiday.

With the return of the observance to the armistice date of that "war to end all wars," this year's observance is an occasion to pay tribute to the 1,061,000 Americans who have died in the defense of their country in all American wars since 1776, and to more than 28 million living former servicemembers who served during both war and peace.

Of a total of 38,924,000 war participants — going back to the earliest days of the nation— more than half of the men and women who have worn their country's uniform in wartime are still alive. Another 4.4 million living veterans saw only peacetime service.

By far the most costly of America's wars was its Civil War in which five million persons participated. That conflict resulted in 364,000 Union deaths and more than 133,000 Confederate casualties.

In contrast, 290,000 Americans fought in the Revolution, and 4,000 died in service. Out of 287,000 American participants in the War of 1812, 2,000 lost their lives in service.

During the Mexican War only 79,000 Americans were in uniform, yet 13,000 died in service.

In the Spanish-American War, 11,000 of the 392,000 U.S. participants died in service.

A total of 4,744,000 answered the country's call to arms in World War I, and 116,000 died.

World War II saw the greatest number of Americans ever in uniform — 16,535,000 men and women. There were 406,000 deaths in service during that conflict.

During the Korean fighting, 6,807,000 saw service, and when it was over in 1955, 55,000 had died.

A total of 9,934,000 Americans were in service during the Vietnam Era. Of that number 47,000 deaths were due to action of hostile forces.

Today's population of living veterans — including those who served in more than one period — is made up as follows: World War II, 39%; Vietnam, 29%; Korea, 19%; Peacetime, 18%; and World War I, less than 1%. Only 22 veterans — America's oldest — remain from the Spanish American War.
