Kay's Kitchen

By Kay Foster

Last year between Thanksgiving and Christmas I had so many requests for the "Fruited Fruit" cake that I decided to start early for holiday gift giving. I prepared it for that time and it was a hit. I also found out some people like it for retirement. Fruited Fruit is a cake that is the same and tastes the same length of time.

The fruit is delicious served over cream or over pound cake and topped with whipped cream. To make a company dinner, layer it in parfait glasses with vanilla ice cream. It makes a nice gift from your kitchen to anyone who doesn't have the time to spend in the kitchen. Two cups will make a starter for a branched.
