Public Auction
SAT., APRIL 13 at 10:30 A.M.
Located at 307 Walnut St. in Carlisle. Mr. and Mrs. J. B. Laytart have purchased a farm in Fleming County and have asked us to sell the following small farm.
6 ACRES (Plus or Minus) BARN, HOUSE
The house is a two bedroom, one bath frame structure with a brick facing. The house is approximately 4 years old, is well insulated, has a block foundation, and is in excellent condition. Other rooms include a large living room, a large eat-in kitchen, and a utility room. Wall to wall carpet, radiant ceiling heat, city water & gas, and a large carport, patio deck, make this a very attractive county property. ALSO, you get 6 acres of ground, more or less, a good 3-post feed barn, and a 555 gallon inground gas tank and pump. 1985 basic tobacco base is 645 lbs.
If you're looking for a nice home with small acreage, look no further. This is an excellent opportunity to buy a property with city conveniences in the county. For more information, contact the selling agents.
TERMS: 10% down day of sale. Balance due on or before 30 days with the deed.

NOTICE

The Nicholas County Water District hereby gives notice that the maximum contaminant level for coliform bacteria was exceeded during its recent reporting period of February 1985 to the State's Division of Water. The test results for coliform bacteria (normally found in the intestinal tract of man or other warm blooded animals) indicate that some contamination had occurred. Coliform bacteria is not considered harmful, but its presence is a reliable indicator that harmful bacteria may have been present. If the presence of coliform bacteria would continue to occur, a boil water notice would be issued. Frequent testing is done to assure the quality of your drinking water.

This was caused by the Pre & Post water lines freezing up and we were unable to feed chlorine. We thawed the lines out and then started feeding chlorine.

We have had McCoy & McCoy Lab to test the water and everything is all right now.

This notice is in accordance with the Ky. Public and Semi-public water supplies regulations 401 KAR 6:015 Section 11 (3). 4-11-3tnc

NOTICE

The City of Carlisle hereby gives notice that the maximum contaminant level for coliform bacteria was exceeded during its recent reporting period of February, 1985 to the State's Division of Water. The test results for coliform bacteria (normally found in the intestinal tract of man or other warm blooded animals) indicate that some contamination had occurred. Coliform bacteria is not considered harmful, but its presence is a reliable indicator that harmful bacteria may have been present. If the presence of coliform bacteria would continue to occur, a boil water notice would be issued. Frequent testing is done to assure the quality of your drinking water.

The cause for this notice was due to extreme cold weather by freezing of chlorine lines into the building which sterilizes the water. This was corrected in two days, and we are working on the chlorinator line to see that this doesn't happen in the future. This notice is in accordance with the Kentucky Public and Semi-public water supplies regulations 401 KAR 6:015 Section 11 (3). 4-11-3tnc

PUBLIC NOTICE
County Road Aid Funds
Proposed Use Hearing

A public hearing will be held by Nicholas County at the county courthouse on May 15, 1985 at 9:00 a.m. for the purpose of obtaining written and oral comments of citizens regarding the proposed annual budget and the use of county road aid funds as contained in that budget for fiscal year 1986 in the amount of $168,448.00.

Any person who cannot submit written comments but wish to comment may contact the office of the county judge/executive at 289-2404 by May 10, 1985, so that the county may make arrangements to secure their comments. 4-11-1tnc
