Sports In Kentucky

When Kentucky basketball coach Eddie Sutton said last week that if UK has to settle for only one signee (Irving Thomas) this year, he will be delighted with the talent the Wildcats have returning, he may have been looking into a crystal ball.

At Saturday's Derby Classic all-star game in Louisville word was that 6-7 Kenny Payne would choose Louisville or Mississippi State, and probably U of L. And, according to Bob Gibbons of *All-State Sports Report*, 6-4 guard Lance Blanks is ready to sign with Virginia.

That would leave UK with the consolation of three extra scholarships for next year and Louisville two over the limit this year.

If U of L should land Payne, well, (wow!) for Cardinal fans. The best recruiting season in the school's history. And if you're a Louisville fan—even if you're not—Coach Denny Crum is looking at Show Time. It's like rock 'n roller Jerry Lee Lewis is used to saying: "It's time, *Baby!* Time to get it get it on." Check the road to Dallas, call a Holiday Inn in the Big D.

The Cardinals all-star roster brings to mind buzz words like "playing time" and "how ya gonna keep 'em happy, Denny?" Now that U of L recruiters have delivered so handsomely Crum is on the spot.

It's time *Baby!* ah, Denny. Time to show what a much ballyhooed coach can do with an all-star team.

With six of its first eight players in 1984-85 returning and 10 returnees altogether, the Cardinals have (officially) added the following artillery.

Pts	Reb
6-2 Kevin Walls	44.9	4.4
6-7 Avery Marshall	20.2	11.4
6-8 Dereck Robinson	12.1	11.2
6-8 Tony Kimbro	27.3	14.2
6-4 Keith Williams	16.9	6.5
6-9 Perez Ellison	27.0	19.0

A little addition tells us that U of L will replace Manuel Forrest's and James Jeter's combined 19.4 points and 5.8 rebounds with 147 points and 67 rebounds.

Consider too, that redshirt senior All-American Milt Wagner can back along with senior-to-be Billy Thompson who led the Cardinals in scoring (15.1), rebounding (8.4) and assists (4.2) last season.

And what have you got, Jerry Lee?

"It's time, *Baby!*" to get it on."

And Denny Crum might just as well stuff in his Cardinal red jacket pocket the speech we all know he is writing today. Goes something like this: "Yes, we've signed some pretty good players for next year, and we have some pretty good talent coming back. But you're talking about a lot of inexperience here. And Manuel Forrest and Jamesjeter meant so much to our ball club as leaders. And this is a tough league."

And so on.. and so forth.

Meanwhile, U of L fans will laugh and chuckle and nudge each other all the way to the local Holiday where they will make reservations for Mar 29-31, 1986 at one of several Holiday Inns in Dallas.

Ironically, as cycles in basketball dictate, in 1985-86 Crum will find himself in the same predicament that Joe B. Hall faced in 1977-78 Win! And nothing less will do

Best recruiting crops

Who had the best recruiting season in college basketball? According to talent scout Bob Gibbons it would say North Carolina, North Carolina State and Louisville.

Comment: But not in that order. North Carolina's crop is headed by can't misses Jeff Lebo and Kevin Madden and NC State has lined up 6-7 Chuckie Brown, 6-6 Kenny Poston and 6-9 Charles Shackleford, but Louisville got the best and most of the talent this year.

Tony Kimbro is an excellent prospect. Avery Marshall is a "we try harder" type. Good role player prospect. David Robinson needs a year or so to mature to the college level. Pervis Ellison won't be a prolific scorer, but has the instincts to be a brilliant defensive player. He needs 30 pounds.

Louisville's "most effective" signee, I think, is 6-2 Keith Williams. A Jerry Eaves-type playmaker, Williams can be flashy, but knows how to play smart basketball. He takes only good shots and plays a team game.

Around the state

● Owensboro Apollo prize Rex Chapman, who has said he wants to play close to home, may be leaning to the University of Kentucky, now that Sutton (I like big guards) is the coach and Louisville is guard rich. Word is that Chapman will attend at least two summers camps this year — UK's and Kansas.

Wayne Chapman, Rex's father, an assistant coach at Kentucky Wesleyan, is interested in "moving up" and reports are that Wayne has already gotten "package deal" overtures from some colleges, but has remained adamant that he will not "deliver the kid" for a job.

● According to a source close to UK coach Eddie Sutton is reported to have looked at a map of Kentucky recently and asked an aid, "show me a city where support for UK is strongest."

The reply: "Close your eyes and put your finger some place."

Comment: Eddie needs to make a *Good-will Tour.*

In the nightcap, Woosley was the beneficiary of seven first-inning runs as the junior right-hander picked up his second win against no defeats.

Coach Bill Anderson was able to use most of his bench. David McCarty responded with three hits and two runs batted in. Anderson (three rbi), Scot Allison and Jeff Sams had two hits each.

AFTER THE GAME, coach Anderson told coach Mattox that the Menifee team had a super bunch of kids, in only their second season of competition.

"They were the best disciplined team we've played here all season," Anderson said. "I told Mike he had nothing to be ashamed of, especially since Menifee had beaten Bath County that just beat us earlier in the week. Our bats were on a hot streak, that's all."

One of the four losses suffered by the Jackets came at the hands of Henry Clay April 15 in the CKC tournament at Athens. Henry Clay was the eventual winner.

Wells continues to lead the Jackets in batting (.321), runs scored (22) and runs batted in (24). Others in the top four in games through April 20 are: Anderson .452, 22 runs, 13 rbi; Robinson .424, with 22 rbi; McNabb .399, 16 runs and 17 rbi.

Track team second in Bellevue meet

Girls also score well

Nicholas County's boys took second place in the Bellevue Relays last Saturday evening with 93 points. Winners were Gary Dotson, 6'6" high jump, Rocky Young 20'5" long jump, Derek Zachary, 15.7 seconds high hurdles, and Phillip Goldiron, 40.3 seconds low hurdles. Young scored 28 points.

The girls played well, according to coach Ben Pumphrey, scoring 16 points on a third in the long jump by Shelley Hamilton, third in shot putt by Sandra Warner, and fourth in 800-meter relay by Cami Clark, Shelley Hamilton, Tracy Hollar and Leslie Thornton.

The boys had second place finishes in triple jump (Young); high hurdles (Young), 200 meters (Dotson, Howard) and 400 meter relay (Hatney, Goldiron, Zachary, Chris Hollar). Zachary was third in high hurdles, Dotson fourth in long jump, fourth in the 1600 meter relay (Howard, Goldiron, Zachary, Jodie Duncan). Jamie Anderson was sixth in pole vault competition.

This Saturday the team will travel to Louisville to play in the Eastern High Relays in Middletown. The following Saturday is the CKC track meet in Versailles.

KET to broadcast spelling bee finals

The state finals of the Kentucky Education Association President's Spelling Bee will be broadcast on KET on Friday, April 26 at 2 p.m. and again on Saturday, April 27 at 6 p.m.

The state finalists represent the 12 KEA districts in which they competed for top honors against other public-school students in grades four through eight.

Incidentally, reports are that Sutton will not allow his players to appear at speaking engagements around the state until after they've completed their eligibility because, he is reported to have said, "It's too tempting an opportunity for someone to slip money into their pockets."

North Middletown horse show May 11

The North Middletown Charity Horse Show will be held on Saturday, May 11, at 4 p.m. at the park showgrounds, on Route 57, one mile south of North Middletown.

The show will feature 25 classes for saddlebreds, walking horses and pleasure horses and ponies.

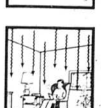
Efficient electric heating offers you a CHOICE!



If you're thinking about buying or building a house, remodeling, or changing heating systems, efficient electric heating offers several options. You can choose the system that's right for your home and your family's lifestyle.

One option, the electric heat pump, has efficiencies of up to 300 percent in winter, besides providing efficient central air conditioning in summer. No other system can match its efficiency.

Ceiling cable or baseboard heating allow you the flexibility of having heat where it's needed — more in some areas and less in unoccupied rooms — providing both comfort and economy at the same time. They're also quiet and practically maintenance free.

Because electric heating is flameless, it's clean — there are no byproducts of combustion — and it's as safe as a light bulb. It's also easy to install.

Natural gas prices increased much faster than electric rates during the last 10 years — and projections show this trend should continue in the years ahead. When you heat with electricity generated from abundant coal, you're making a wise choice for the future.
