Don't Let 'em Get Away!

We spend millions of dollars to educate and train our community's young people... the finest "crop" of all we produce.

Then we watch them steal away to other cities, other states, where they believe opportunities are greater.

Why can't WE, right here at home, offer them the career futures they seek in distant places? Why not try to keep our home-raised talent at home?

Our stores, factories and service firms could offer lots more job opportunities if they did more business. They'd HAVE business quickly, if we would quit buying items and services out of town.

Shopping here at home is the best insurance we have to keep our local businesses strong and growing... to provide brighter futures for our precious young people.
