

Deaths 'A great day for education'

MRS. CHEVILLE DOYLE
Mrs. Ann Allen Doyle, 82, Route 4, Christiansburg, died Monday, July 29, 1985, at Edgemont Manor Nursing Home in Christiansburg.

She is survived by her husband, Cheville Doyle; four sons, David, A.J., Charles and Donald Doyle; two daughters, Mrs. Marjorie Fryman and Mrs. Phyllis Brady; one grandson, Charles Pige; two sisters, Odessa Stone and Catherine Whitley; 11 grandchildren; 11 great-grandchildren.

Services are at 3 p.m. Thursday, August 1, at Drake Funeral Home, Christiansburg. Burial in Battle Grove Cemetery.

Visitation after 4 p.m. Wednesday.

MRS. THIRMAN HENRY

Mrs. Clara Anne Henry, 80, Julyville section of Millersburg, wife of the late Thurman Henry, died Monday, July 29, 1985, at Bourbon General Hospital, Paris.

She was a native of Bath County, daughter of the late Roy and Mattie Newsum Henry, member of the Methodist Christian Church, had a 10-year perfect Sunday School attendance record, was a member of the Paris chapter of O.E.S. and was a well-known and popular in the Old Kentucky Village, Lexington, for 15 years.

Other survivors are one brother, George Henry, Hamilton, OH, and several nieces and nephews.

Services will be 2 p.m. Thursday, August 1, at the Pruitt Funeral Home, Millersburg, by the Rev. Fredrick Jones. Burial in the Millersburg Cemetery.

Visitation will be Wednesday from 3 p.m.

MRS. FLORENCE S. SNEDECOR

Mrs. Florence Covens Sandeager, 89, died Monday, July 29, 1985, at the Hilltop Lodge Nursing Home, Owensville, after an illness of several weeks.

She was a native of Bath County and a member of the Owensville Christian Church.

Survivors are one daughter, Mrs. Joe Crouch, Carlisle; three grandchildren; four great-grandchildren.

Services will be Thursday, August 1, 1 p.m. at the Ford-Strangman Gray Funeral Home, Owensville, by the Rev. Richard James. Burial in Lawrence Cemetery, Jellet.

Visitation 7 p.m. Wednesday.

UK alumni meet in Paris next week

University of Kentucky alumni are being invited to attend a special meeting Thursday, August 8 at 7:30 p.m. in the Bourbon Agriculture Impact Bank.

Alumni from Nicholas and Bourbon counties are invited to the meeting in Paris.

Thousands of UK alumni will be meeting that same night at 30 different locations all over the state.

The meetings — called Alumni Rally Nights — are being held to discuss important issues facing the university, according to UK President David Singletary.

There are proposals being made by the Council on Higher Education and issues that will face the next Kentucky Legislature which we want to discuss with our alumni," Singletary said.

"We want to keep our alumni informed and we want to seek their help on these issues," Singletary said.

Singletary will make a presentation at all the meetings by way of recorded video tape, and representatives of the university will be on hand to explain the issues and answer questions about them.

Kentucky's 38 senators and 100 members of the House of Representatives left Frankfort at the conclusion of the special session of the legislature on July 19.

Compromises were reached on Governor Collins' education reform package along with several other important measures. Both houses overwhelmingly approved the \$300 million education package which brought to an end this 18-day meeting.

Governor Collins and many of us were extremely pleased with the results in view of the fact that we failed to pass the \$228 million package she presented to us in 1984. It was truly a great day for education in Kentucky.

Kentucky's school children will be the beneficiaries of most of the work we did.

For instance, children in the early school years will now be taught in smaller classes. We ordered the size of classes to grade one through three be reduced by three students by mid-1986, and by one student in 1987.

We did something that should have helped the most qualified teachers to our school system. We have attracted the most qualified teachers to our school system, largely because of the relatively low salaries we pay teachers in Kentucky. We decided something should be done to begin to reverse this trend.

First, we voted five-percent annual pay raises for teachers during the 1986 through 1990 budget years. Then, we added a pay bonus for teachers with at least 10 years experience.

And for the first time, we started January for the reported teaching pay to performance. We included \$9 million under a merit pay program that will award \$300 bonuses to all teachers who do not receive unsatisfactory evaluations.

We also set up a fund to make loans to outstanding Kentucky high school graduates who decide to pursue a teaching career. Those loans

would be forgiven if they teach for at least four years after graduation. TO HELP PAY for the education improvements, we made some changes in the taxes levied on many businesses. Under the revenue plan we passed, large corporations will be facing a higher corporate-income-tax rate and the five-percent sales tax will now be collected on equipment leases.

I believe this will be the most positive tax increase for the average Kentuckian in the history of the Commonwealth. Not only will the personal taxes be increased, provisions were included that effectively repeal the business inventory tax, which would hurt small businesses, and also exempt from the state inheritance tax the transfer of property from one spouse to another. Our inheritance tax has long been a sticking point for all Kentuckians but especially our senior citizens.

All in quiet now in the Senate chamber in Frankfort. The speeches have stopped, the chairs have been pushed back under the desks, and the lights have been turned out.

THE ACTIONS we took are a good step in the right direction if we are to make substantive improvements in the education system in this state. But they only constitute a good beginning. There is more work to be done if we are going to make sure that our students come out of school ready to compete in the job market of the future.

This is the end of our efforts. We will be back in Frankfort in January for the reported teaching pay to performance. We included \$9 million under a merit pay program that will award \$300 bonuses to all teachers who do not receive unsatisfactory evaluations.

We also set up a fund to make loans to outstanding Kentucky high school graduates who decide to pursue a teaching career. Those loans

Ford's Footnotes

grades four through six.

THE BENEFITS of the smaller class sizes should pay dividends throughout a child's education. The smaller class sizes during those very important, formative years will allow teachers to spend more time with each child, helping build a solid base for that child's education career.

We did something that should have helped the most qualified teachers to our school system. We have attracted the most qualified teachers to our school system, largely because of the relatively low salaries we pay teachers in Kentucky. We decided something should be done to begin to reverse this trend.
