Quality of water vital to economy

Perhaps you have already noticed several changes that we made during the 1984 legislative session which are having an impact on the Motor Vehicle Tax System this year.

Both our timing and the explanation for gas and oil have a tendency to pollute our water supply unless strictly regulated.

There is a need for several pieces of comprehensive legislation dealing with this subject. Although we have an abundant amount, the same cannot be said for the quality of our water.
