The Nutcracker holiday tradition

From Bowles holds a shell of a land terrapin which he figures was at least 200 years old when it was killed when struck by a passing motorist near Licking River at Myers Station. The shell was discovered this summer by Lynn Bowles. Note missing section on top of the neck.

200 years old?

The Nutcracker has been called the world's most popular ballet and has also become a holiday tradition. Young and old alike enjoy this enchanting fairy tale which dances the Christmas spirit.

Mikhail Baryshnikov returns the title role of the Nutcracker in "The Nutcracker," which will be broadcast on KCTV Wednesday, Dec. 4 at 8 p.m.

No points for ducks
Kentucky's duck hunters will need a calculator with them this year. When the statewide duck season opens Nov. 28, hunters will be working under a conventional tag limit rather than the point system, which required them to know numerical values for each species and add these values to determine their daily limit.
