Academic team now 2-0

The Nicholas County High School Academic Bowl team stands 2-0 in competition in the Limestone Academic League after defeating Tollesboro High School here last Thursday. Team members are, seated (l-r) Gretchen Judge, Michelle Clark, Connotha Clinkenbeard and Matthew Guthrie. Middle, Anna Linville, Sonya Johnson, Leann Garrett, Rusty Scott, Lynn Reynolds and Brynn Johnson. Back, coach Rob Lone, Neal Metcalfe, Brad Wilson and Dana Vice.

Saltwell ..... by Mrs. Fred Hollar

Mrs. Mary Stubbs, Cynthiana, spent several days the past week with Mr. and Mrs. Jobie Howard and family.

Mrs. Chuck Tanner spent the weekend with her parents, Mr. and Mrs. Wayne Kelly of Old Hickory, Tenn.

Rev. and Mrs. Harold Caserta, Rev. Allen Moran, Mr. and Mrs. David Earlywine, Verena Earlywine and Mr. and Mrs. Fred Hollar enjoyed a fish fry and lawn supper at the home of Mr. and Mrs. Richard Cain Sr., near Claysville, Monday night.

Mr. and Mrs. Harold Mattox, Lexington, spent Tuesday and Tuesday night with Mrs. Mildred Green, Carlisle, and Mr. and Mrs. Fred Hollar Wednesday and Thursday. They also visited with Mr. and Mrs. Jennings Mattox on Wednesday night.

Mrs. Gladys Kenney, Mrs. A.R. Fisher and Miss Robbie Harney visited Mrs. Edith Davis in Grayson on Wednesday.

Mr. and Mrs. Chester Mattox returned on the past Sunday from a 10-day bus tour starting in Knoxville, Tenn. and visiting many interesting places in 16 different states up the New England coast. There were 38 people in the group and all enjoyed their tour very much.

Miss Frances Barlow of Carlisle spent Saturday with Mr. and Mrs. Streuder McDonald.

Mr. and Mrs. Terry Kenney and sons spent the past Sunday with Mrs. Mae Kenney and Lovell.

James Gaunce visited Mrs. Alice Marie Feebeck one evening the past week.

John Wilson visited his mother, Mrs. Lela Wilson of Louisville, the past week. Mrs. Wilson had just returned home from a Louisville hospital.

Billy Dixon, Layne Hollar and Maxwell Burden spent several days the past week at the Amish sales in Mt. Hope, Ohio.

Mrs. Joe Allison of Harrison County visited Mr. and Mrs. Reynolds Allison during the week.

Mr. and Mrs. Gary Hollar entertained a number of relatives and neighbors with a wiener roast at their home on Saturday night.

Our community extends sympathy to the family of Willie Mattox, who passed away on Friday at Nicholas County Hospital after a long illness. Funeral was conducted on Monday afternoon by Rev. Preston Jones with burial in Carlisle Cemetery.

Mrs. Beulah Mitchelmre returned home on Friday after several days treatment at Nicholas County Hospital.

Hana Ellington of London returned home Friday after a week's stay with Mr. and Mrs. Donald Riggs and Mr. and Mrs. Hanson Ellington.

Mr. and Mrs. Fred Hollar and Mrs. Gladys Kennedy entertained Rev. and Mrs. Harold Caserta, Rev. Allen Moran, Mr. and Mrs. David Earlywine and Verena Earlywine and Mr. and Mrs. Richard Cain with a supper at the Headquarters Church on Friday night.

Harold Mattox had the misfortune to fall and received a fractured wrist on Thursday while visiting relatives here. He was treated at Harrison Memorial Hospital, Cynthiana, but was sent on to Lexington, where a physician there set the bone and placed it in a cast.

Roger Riggs received a deep cut on his arm by a chain saw on Saturday while sawing wood. He was treated at Nicholas County Hospital where several stitches were taken to close the wound.

Martha and Daley Kennedy visited Mr. and Mrs. Herbert Blakeman and daughters Dana and Penni, Lexington, on Sunday afternoon.

Spelling bee competition announced

Local school spelling bees leading to the KEA President's Spelling Bee in April, sponsored by the Kentucky Education Association, will be underway soon throughout the Commonwealth.

KEA President Jon Henrikson has named Mattie Wilson of Maysville as state coordinator of the event, now in its 11th year.

Contest rules have been mailed to presidents of all local and district education associations affiliated with KEA.

Local associations have been asked to choose their winners before Feb. 8. Winners of local association contests will then compete at the district association level. Those contests will be concluded by March 31.

The state finals -- to determine the Kentucky champion -- will be April 19 during the annual KEA convention at Frankfort's Civic Center.

Public-school students in grades four through eight are eligible to compete. KEA will provide certificates for winners of systemwide contests and trophies for winners of district association spelling bees.

Light frost reported in some areas

Many rural areas of Kentucky received a light frost last week, but agriculturally damage was mostly minimal. There were reports of frost on some late tobacco and soybeans; garden crops and flowers were also effected in certain areas.

Showers were welcome east of Interstate 65 as topsoil was dry in much of this area. Statewide, soil moisture as of Friday, Oct. 4 was reported 19 percent short, 71 percent adequate and 10 percent surplus. Damp and foggy weather brought early housed tobacco into case and stripping got underway. An average of 4.2 out of six days were suitable for fieldwork with corn, sorghum, soybean and hay harvesting primary activities.

Corn for grain harvest advanced to 44 percent complete compared to 29 percent last year and 40 percent for the five-year average. Harvest is most advanced in the southern counties of West Central Kentucky and up over 50 percent complete in the Purchase and West Central Kentucky. Moisture content of corn has stayed high on some fields that look mature and this has caused farmers to slow their harvest activities. Yields are mostly good with some counties better than last year, other areas report a crop a little below a year ago.

Stripping of the 1985 burley crop is underway. Reporters indicate five percent of the crop has been stripped and another 25 percent is about ready for stripping.

Early reports indicate a good quality leaf with only average amounts of housebum. Most producers are expected to have their allotments met by March 31 percent.

Fall wheat seeding is 16 percent complete compared with 18 percent a year ago and 19 percent for the average. Farmers are beginning to seed their wheat for grain crop. Most of the wheat seeded prior to this week was cover crop on tobacco ground.

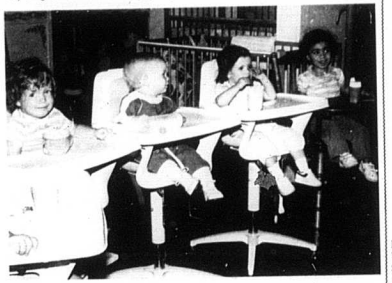
Story time for pre-schoolers

Mrs. Stephanie Duncan reads to a pre-school class at the Day Care Center. Attendance ranges from 30-35 a day. Activities include finger plays, story telling, table activities, housekeeping, songs and playground fun to develop motor skills. The center opens at 8 a.m. and serves breakfast, lunch and snacks.



Snack time for toddlers

Infants and toddlers, under the supervision of Mrs. Beulah Coldiron, enjoy snack time following their nap at the Day Care Center. From left, Holly Solomon, Tyler Feebeck, Audrey Dole and Brandy Sharp. Not shown, Josh Hines and Travis Fink. Day Care youngsters range in age from six weeks to 12 years.

Coast guard academy competition

The United States Coast Guard Academy has announced that it is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1990. Applications are being accepted for both men and women.

Appointments as Coast Guard Cadets are fendered solely on the basis of an annual nationwide competition with no colngressional appointments or geographical quotas. Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, New London, CT 06320 prior to December 15, 1985.

CANDIDATES must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the December 14, 1985 administration for the ACT, and the December 7, 1985 administration for the SAT.

The competition for appointment as Cadet is based on the candidate's high school rank, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in high school extracurricular activities, community affairs and/or part-time employment.

Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

To qualify, an applicant must be unmarried at the time of appointment, have no legal obligations resulting form a prior marriage, and must have reached the age of 17 but not 22 by July 1, 1986.

Draft dodgers adult class project

The second adult class will be held Oct. 21 at the Nicholas County High School from 7-9 p.m. The class will be on warm-room concept, where participants will make a draft dodger. All participants need to bring one-fourth yard of material and old hosiery.

The class will be taught by Carolyn Dotson, K.U. econoinist.

A small registration fee will be charged. Babysitting will be provided by FHA members and child care students.

Health Tips from Lee Rose

Fire drills save lives

"Fire Drills Save Lives" is this October's theme for Fire Prevention Week.

Could you react calmly if a fire broke out in your home tonight? Many times panic interferes with our sensible response to emergencies. But if we are prepared, the most frightening fire can be dealt with in an orderly way.

Because deaths from fire are higher among babies, young children and the elderly, other family members must assume responsibility for their safe exit from a burning home.

Take a walking tour through your house or apartment to put together the most effective fire plan. Note the best way to escape through each door and window.

Once the plan is on paper, have the entire family practice fire drills for day and night. A night-time drill is an entirely different scene. Be familiar with your home in the dark. Terror in the darkness has kept many people from finding a door only inches away. Be sure each family member has a working flashlight by his bedside.

Make yourself familiar with exits in business places, hotels, and homes where you are a houseguest. The few minutes you take to assess an area could save your life.

Look for information on fire prevention in the next column.

For more information on fire drills, contact Lee Rose at the Nicholas County Health Center, 289-2188.

Day Care Center

Continued from page 1

The completed center staff takes pride in its interest in and attention to the 'total child' in its care," Mrs. Crawford pointed out.

She encourages parents and anyone else in the community who is interested in Nicholas County's children to stop in for a visit.

The not-for-profit center is located in the old hospital building on Scrubgrass Road.

Copland profiled

From his boyhood home in Brooklyn, New York, through the 1920s spent in Paris, France, to his return to his native land as one of the foremost composers of this century, Aaron Copland truly is one of America's masters.

"Aaron Copland: A Self-Portrait, An American Masters Special," takes a look at this central figure of American musical composition when it airs Wednesday, Oct. 16 at 8 p.m. on KET.

Eye Openers
By Dr. Robert F. Pretzsch, Optometrist
Safety in Eyewear - Part II
Shatter-resistant or impact-resistant lenses are produced in several different ways:
- Lamination sandwiches a thin sheet of plastic between two glass lenses. These are sometimes prescribed for children who tend to scratch all-plastic lenses. When made extremely thick, they are used as a protective lens in industry.
- Tempered (case hardened) lenses made of a specific minimal thickness of glass are heat treated and cooled quickly.
- Chemically treated lenses are put into a chemical solution and left there for 12 to 15 hours. These tend to be more impact resistant than tempered lenses.
- Plastic lenses are lighter, yet more impact-resistant than glass lenses. In most prescriptions, however, they may be thicker than comparable glass ones.
- Polycarbonate lenses, made of a new type of plastic, are more resistant to breakage than others, weigh less and don t fog up easily.

"Like our electric heat? We adore it!"
— Mrs. John William McCord, Jr., Lexington, Ky.
"When our house was built 24 years ago, my husband and I decided on electric baseboard heating. We've been glad we did ever since.
"We like the fact that we can heat only the rooms we're going to be in. That makes it economical.
"We've lived with various types of heating systems in the past — coal furnace, gas furnace and fuel oil — and we feel that electric heat is best. It's odorless, noiseless, and most importantly, the cleanest.
"We wouldn't want to consider any other type."
