Girl Scout drive begins

Mrs. Virginia Kingsolver, Chairperson of the Nicholas County Girl Scout Fund Drive has announced that the fund drive is now in progress.

The fund drive is an integral part of the community. It is a sharing among youth and adult volunteers of an informal education process based on proven educational values that help expand a girl's horizon.

The program offers positive alternatives to youth facing the challenges of today's society by

creating a climate where girls plan and make decisions with adults about their future.

The money raised from the fund drive is used to provide professional support to volunteers to pay for program materials and to provide training and education experience for the adults working with the girls.

Kay Schender, the Field Director for this area works with volunteers to see that troops are maintained and that every girl is given the opportunity to participate in girl scouting.
