Winter solace at Pleasant Hill

Perfect harmony marks 100 winter weekends at the Shaker Village of Pleasant Hill. The restoration of the choral group, the Pleasant Hill Singers, have performed for the past two years during September Shaker Heritage days, but this is the first year they have entertained guests during the winter season.

There's perfect harmony, too, in the tranquility of the winter countryside, the leisurely pace of the village and the flexible program. The staff invites visitors to fully enjoy all of the planned activities or to go their own way resting from the holiday bustle.

FDI coupon changes announced

The Internal Revenue Service has announced that changes will be made to the Federal Tax Deposit (FTD) coupons, which taxpayers use in making advance payments of their taxes. This change is designed to draw attention to these areas because taxpayers frequently overlook reporting information causing problems with misapplied payments.
