January - February Reporting Period

Now is the time to report ownership of property and any changes that have taken place on that property.

Anyone who has bought property in the last year needs to check to be sure that my office received the correct information about the transfer.

Every property owner should report any change that has occurred so your 1986 value can show the change.

Some of the examples of the changes could be: building a house, adding on to a house or mobile home, house or barn burned.

The P.V.A. office will be open from 9:00 to 4:00 weekdays and 9:00 to 12:00 Noon Saturdays (Jan. & Feb. only). I will stay later on weekdays if anyone calls and makes an appointment for after work.
