Beautiful: Tips from the Hair
You know all about diets?
Here's a quiz. Let's see how you do:
TRIP #1:
1. Start a reducing diet only when
three months before you want to
lose weight.
2. If you really want a goody
diet, you should forget the diet
and eat what you want.
3. You should keep your diet a
secret.
4. Overweight can be caused by
water retention.
5. Do not eat any carbohydrates.

Wedding Pictures
Wedding pictures MUST be submitted to THE CARLISLE MERCURY within 14 days following the wedding. When calculating the weeks be sure to note the MERCURY's publication dates. Wedding pictures arriving after three weeks will not be published. It is suggested that whenever possible, the picture be taken before the wedding so it will be available to run in the MERCURY. Wedding and engagement pictures must be in the office by 3 P.M. on the MONDAY preceding publication. There is a \$5.00 handling charge for wedding and engagement pictures.
