Take the Clara Johnson Test.

In Alamance County, North Carolina, Honda lawn mowers are assembled from the wheels up. Then each mower's cut passed quality control standards. Every single one.
The final test is a critical performance check to ensure easy starting. We call it the Clara Johnson Test. At the end of the assembly line, each mower is started as it doesn't ship. Come in and give the whole line of Honda mowers the Clara Johnson Test your self. Each one will start easily, or it wouldn't be a Honda.

IN MEMORIUM

In memory of Lloyd George, a faint tribute to his merits.

I can see him now as I saw him then, cheerful, face unclouded by a frown, optimistic, greeting the world the way one needs to greet it, always hoping for the best.

It was my good fortune to know Lloyd George in our service days together in the Ky. National Guard in the summer of 1938.

He was an unusual person. No one ever saw a frown, smirk or a sneer on his face.

Camp life is never pleasant, and while the rest of us were constantly complaining about this, that, or "tother" he was cheerful and uncomplaining through it all. Army life seemed to suit him. Everything was Duty and Honor Country with him.

He attended to his duties faithfully and cheerfully. And while the most of us were trying to "rake" up enough to get a "pint" on weekends—or anytime, he paid no attention to it. In fact, I don't think he used it, at least he never showed any signs of it.

Our last meeting was sad enough. We were getting ready to return to Nicholas County and he said that he had lost a pistol holster and that the state was going to take out of his pay enough to make up the loss. He just the same as told the fact that he was going back to Nicholas broke.

I will never be able to pay to you Nicholas Countians, you Kentuckians, that could you have known him as we, his comrades did, that you would have gladly reimbursed him ten times for a pistol holster!

So we parted never to see each other again on this Earth. The next time I heard from him was "Taps" sounded.

Now may I quote after history. As history has said about Gen. John A. Reynolds, who fell the first day at Gettysburg: "No man died on that field with more glory than he, though many died and there was much glory." May we quote the words of Gen. George B. McClellan concerning Gen. Edwin V. Sumners, "A nation is fortunate that possesses many such soldiers as was Edwin V. Sumners." And I, a mere in this 20th century, a nation, state or country is fortunate that possesses many such soldiers as was Lloyd George.

He is gone, but he left something behind that is precious. He left an example for our young people to follow. Nicholas County and the state of Kentucky have something to be proud of. He did not mind laying down his life for his friends and his country. "Greater love than this hath no man taken he lay down his life for his friend." Dora, honor country now and forever."

I thank you and God bless you one and all.
