Ag lenders getting help from FmHA

Agriculture lenders can join with the Farmers Home Administration (FmHA) in a three-year interest "buy-down" program to help farmers having trouble repaying their loans or obtaining new loans.

Under the new program, lenders may make or refinance FmHA guaranteed loans to eligible farmers at reduced interest rates. FmHA will match a lender's reduction of interest rates up to two percent.

The block hole visible on the west face of the courthouse clock is a grim reminder of the severe storm that ripped through Nicholas County Wednesday morning about 7:30. The forces had been reconstructed in recent years.
