

### MCC adds summer classes

Archaeology and literature classes have been added to Maysville Community College's schedule of summer courses.

**ANT 141, Introduction to Archaeology**, will be offered on Wednesday evenings beginning June 23, with field work to be scheduled on Fridays and Saturdays. Nancy O'Malley, a member of the University of Kentucky faculty, will be conducting the archaeological class. O'Malley will be making an archaeological survey of the historic Washington area. Limited excavation will be undertaken.

**ENG 161, Introduction to Literature**, will also be added to this summer's class schedule. This literature course will meet on Tuesday and Thursday, from 12:30-3:00 p.m. ENG 161 is an analytical rather than historical approach to literature, designed to deepen the participant's insights into the nature and purpose of literature and to develop literary taste and judgment.

Registration for summer classes at MCC will be held June 11 from 8:15-9 a.m., 1:30-4 p.m., and from 6-8 p.m. Classwork for summer courses at MCC will begin June 15, with the exception of the archaeology class, which will begin June 23.

Registration must be completed by later than June 17. Class schedules are available from the Registrar's Office at MCC. For further information, phone (606) 759-7141.
