Homestead Exemption

I have had some questions asked about who qualifies for an exemption and how to apply for the exemption.

1. Any person wanting to file for an exemption must apply at the property valuation administrator's office in the county in which he resides

2. For the regular Homestead Exemption, a person must be 65 years old during the year he files an application.

For the Disability Homestead Exemp-

tion, a person must QUALIFY as totally disabled, regardless of age.

3. The person must OWN and MAINTAIN the

3. The person into own and workers us property as his personal residence.
4. Only ONE (1) EKEMPION per residential unit, regardless of how many people (65 years or older) are living there.
5. To file an application, you need to go to the P.V.A.'s office in the courthouse to fill out forms to be a first of the person of th

a form that is kept in the files.

As you can see, the Homestead Exemption is based on age or disability. There are no questions asked about religion, race, or politics. Also, if you own more than one property, you can not qualify for the exemption on any but the one main residence.

If there are any questions have not answered, please call or come by my office and I will be glad to help you.
