

### Thinclads eye fine '87 season

By Marsha Livingston  
Of The Mercury Staff

County High School Head Track Coach Greg Letcher, the lead weather has limited the team's outside practices.

With the first meet less than a week away, Letcher feels that the first few meets will have to provide the con-

ditioning needed for his 1987 team.

Letcher only had a tentative roster, but was able to name several students that will be a part of the team.

Seniors on the boys' team will have to provide the con-

are Allen Hardin, shot put and disc; Kevin Anderson, 300 meter hurdles and 110 meter high hurdles; Barry Scott, shot put, disc, and Lee Crum, distance.

Seniors Tracy Hollar and Leslie Thornton will run relay, while Tim Harvey, a first-year senior, will run distance.

"We have a lot of talented young girls, but I don't have many boys participating this year," Letcher said.

According to Letcher, there are several members of last year's boys' team who will be sorely missed.

They include Derrick Zachary, Keith Howard, Scott Hanesy, Dale Brown, Phillip Colldon and Steve Ledford were all graduating seniors on last year's team.

Members of this year's girls' team who saw state tournament action last year are Russell, 100 meter hurdles; Warner, who placed third in shot put competition; and Gray, 100 meter dash.

Tracy Hollar, Thornton, Gray and Russell made up the 800 meter relay team that placed sixth in state tournament competition.

The 1986 girls' team won the Regional tournament, losing prebidding seniors Carla Hall and Shelby Hamilton.

There will only be three from the boys' team who participated in state tournament action last year returning this year.

They are Chris Hollar, Johnson and Hardin.

This is Letcher's second year as head coach of the NCHS track team.

He spent one year coaching basketball and one cross country track at Millersburg Military Institute before coming to NCHS.

"I have good expectations from this team," he said. "Our goal is to be ready for regional competition."

The first meet on the conditioning down somewhat is Tuesday, April 14 at Mason County.

At Nicholas County he is also the assistant boys basketball coach and head freshman boys coach.

Even though bad weather has slowed conditioning down somewhat for the 1987 team, April 14 at Mason County.

I have good expectations from this team," he said. "Our goal is to be ready for regional competition."
