YOU'RE WELL-EQUIPPED TO DETECT A GAS LEAK.

Fortunately, natural gas leaks are rare. But if one should occur, you have everything it takes to spot the telltale signs...

INSIDE
The most obvious sign is the smell. Natural gas by itself usually is odorless...

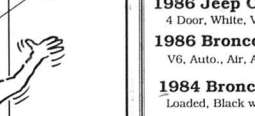

OUTSIDE
You may detect a natural gas leak any where gas lines or facilities are located...

Chances are you'll never need to recognize a natural gas leak. But just in case, it's important for you to be able to detect signs of trouble...
