Is It Charity?

Last week we were in Cynthians to go to the funeral home to pay our last respects to the father of our dear referred Ann Elder, when we encountered something like never before.

But Kentucky and the country should be wary about proposals curb overall spending, at the expense of individual contributions of participation. One bill in the Senate, S. 2, would hand taxpayer-anced subdides to politicians and stash an individual's right to stribute. This is what we used to call taxation without representations.

This also as the rate to our freedom because real democracy relies on citizens being active and involved in politics. Today, our leaders are detected by one form of the material sellpha vester. Few peoples can even same their legislation, it about till you where they stand. The contract of the sell of the politics of
