NCE students receive book

This release is smaller than the average news release because it details the facts of some big generosity in the community to little children through the distribution of some powerful little books.

First grade students in the Nicholas County Elementary School will all receive a beautiful gift-book title , "My Favorite Book".

"My Favorite Book " is designed and written to bring "positive" influences into each of these children's lives. It illustrates the beauty of their world and the people who are in it, especially themselves. "

The civic-minded leaders who are sponsoring this program see it as a valuable contribution toward the development of the young people in the community.

These sponsors are: Reese Smoot, Nicholas County Judge Executive; Charles Ring, Sheriff; Charles Smith, Deputy Sheriff; George Garrett, Jailer; Dick Garrett, Deputy Jailer; Roy Gaunce and Taylor Mathers, Mathers-Gaunce Funeral Home.

Ford's Footnotes

proval by the voters.

The major problem with the lottery is that it will be virtually impossible to realize any income from it for at least two years. The earliest a lottery amendment could be voted on by the people is November 1988.

Of the 27 states and District of Columbia that have lotteries, it has taken on the average a year or more to implement the program after adoption.

At the earliest, I think it is safe to say that we would see little benefit until the last half of the 1989-90 budget year.

Another issue of importance to be addressed is liability insurance. Medical malpractice premiums have increased in Kentucky to the point where most small hospitals no longer deliver babies.

In order to address this problem, I have prefiled legislation that would allow the General Assembly to set certain limits of recovery on non-economic losses in liability cases.

Many of the multimillion dollar awards that have been awarded are for pain and suffering or punitive measures and have little to do with actual potential loss of the ability to earn a living. This measure would not limit the amount of medical cost nor any amount recoverable related to the impairment of an individual to work.

If passed by the legislature, this measure must be adopted by the voters as a constitutional change. A similar measure is now in effect in Indiana and there is a marked difference in medical malpractice insurance premiums in that state and here.

Fine tuning is still needed for the Juvenile Code passed in the 1986 session. The most serious area of concern is that juveniles cannot be tried as adults, regardless of the seriousness of the crime, including rape and murder, unless the juvenile has been convicted of a felony within the previous year.

Other issues to be considered include overcrowding in our prisons, campaign finance reform, out-of-state waste, and the controversial subject of AIDS. Overall, this may be the most difficult and important session in our state's history.

During the session, if you wish to contact me or your State Representative, you may leave a message on our toll free line. Call 1-800-372-7181. We will return your call as soon as possible.

Tips From The Heart

Dear Hart,

Are nonprescription diet pills, which are sold over the counter safe for everyone? It would seem to be an easy way to take off a few pounds. What does Dear Hart say? M. R.

Dear M. R.

Diet pills do not change your eating habits. They could be a problem for people who have heart disease, hypertension, diabetes or thyroid problems, and they can be bad for pregnant women.

You may lose weight by taking diet pills, but you may also damage your health in the process. Chances are good that you won't keep the weight off, because a pill can't teach you new eating habits.

Please send questions to Beautiful: Tips from the Hart, P. O. Box 72297, Louisville, KY 40272.

Model Tip: Get a good sterpie slough with sugar! Mix a small amount of sugar with a small amount of cleansing cream in the palm of your hand and slough away.

More: Don't you hate it when you slip a bit while polishing your nails and polish your skin. A good way to clean up is to dip a wooden tooth pick into polish remover, wrap cotton thread around the end, dip in the remover again.
