Jackets win at Menifee, fall at Boyle

Nicholas Co. 79 Menifee Co. 41
Although Nicholas County led by three points at intermission, Cruse had some concerns to discuss in the lockers.

"We weren't getting after people as often as we used to be, we have to play more of a team game rather than playing on the ball to create a lead," Cruse said.
"Of course, we were going away from the things we have been working on all season.

"And, although we never trailed, and the officials weren't all that bad, we certainly didn't get any breaks."

"The Jackets found quickly the game would be physical, with four players receiving noticeable injuries. Danny Wells sprained his ankle. He was scheduled to see a doctor last week.

Kelly Breakwater injured a wrist. The Fryman and Gannon Bryant, both received facial injuries.
"Of course, we were going away from the things we have been working on all season."

Nicholas County actually scored four goals, including a 2-1, a 1-0-1, a 1-0-1, and a 1-0-1.

"We jumped out to seven point leads a couple of times, but every time I thought we were going to be able to actually put the game together, we were broken up."

"Of course, in a game, you have to give something up and with that we allowed Menifee to tie the game at intermission."
