School board to study .....

possible time of 8 to 11 p.m. for the supervision to take place.

According to Elder, no alcohol or drugs would be allowed on the premises.

"It would just be a place where the kids could park and talk without having to go somewhere else where there might not be supervision," said Elder.

"I would be glad to supervise one weekend a month if this were to be approved," continued Elder.

Hopkins suggested the insurance carrier be consulted to inquire about any possible liability problems.

Money has become available to fund another special education unit at the elementary school, moving Tony Smith who already teaches special education classes, to another smaller class.

Eighth grade teacher Brenda Lawrence will begin teaching special education. Upon Elder's recommendation, Penny Bretz was approved by the board to fill the position vacated by Lawrence.

Other business included the approval of several requests for use of school facilities for various activities.

The board granted approval for Debbie Vice, guidance counselor at Nicholas County High School, to attend a conference February 20.

A new copier has been purchased and installed in the high school. The $5,200 price tag included a copy key system, supplies, one-year maintenance contract, and 90 days free service.

Approved at the January meeting, the copier is set so it will not exceed the recommended amount of copies per month.

Road work set

Kentucky Transportation Cabinet awarded two contracts, February 2, for road work in and around Nicholas County.

Cleaning and painting of the bridge over the Licking River on U.S. 68, one mile northeast of Ky. 1244, is scheduled to be done by Seattle Painting, Inc., of Campbell, Ohio.

George B. Stone Company, Sharpsburg, was awarded the contract for installation of bridge weight limit signs on the extended weight limit haul road system.

According to Transportation Cabinet Representative Paddy Hyman, no dates have been set for commencement of the projects.

—Kentucky State Fire Marshall will return to check on minor infractions noted in his 86-87 report.

According to Elder, all but one of the irregularities, emergency lighting in high school halls, have been corrected. Work on the lighting is scheduled to be done within the next two weeks, in time for the inspection.

—The board moved to allow teachers Lottie O'Bannon and Pat Atkinson to attend a non-verbal communications workshop March 11 - 13.

—Barbara Kenney, junior high girls basketball coach, in a letter to the board requested an assistant coach be hired in order to give the girls involved enough individual attention.

No action was taken, but the board agreed to decide sometime before the beginning of the next school year.

—The board approved the attendance of two teachers and five students to the Louisville Science and Humanities Symposium, upon a request submitted by Biology Teacher Kathy Green.

—At 9:30 p.m. the board adjourned to executive session to discuss a specific student disciplinary action, reconvening at 10 p.m. to continue the meeting. A motion was carried to hold an expulsion hearing at 2 p.m., February 18.

These seniors at Nicholas County High School have taken excused absences from school to visit colleges this year. The opportunity to visit the school while in session enables the student to make a better informed decision about the college they wish to attend. These students are: (front, l-r) Carla Snapp, Tammy Hardwick, Melissa Ritchie, Anna Lisa Carnes, Leann Garrett and Tracy Hollar. Second row, l-r: Tamika Anderson, Leslie Thurston, Betty Gay, Nema Donovan, Lisa Buckler, Teresa Cain and Rusty Scott. Third row, l-r: Mike A. Smith, Allen Hardin, Bryan Johnson and Ron Allison.
