Nicholas County wins two games in a row

Waning hasn't come easy for the Nicholas County boys' basketball team...

The first in the second quarter, Nicholas County trailed, 15-11. At the termination, the hosts had increased their lead to 14.

Crow said assists played an important role for Nicholas County. "Although he doesn't score a lot of points, he does make things happen when he is in the key."

In the extra period Nicholas County continued to lead, 34-27. "We were determined to go inside and win," Crow said.

MSU declares Simms Sunday

To the rest of the world January 21 may be Super Bowl Sunday, but for those who remember him at Morehead State University, it will really be "Phil Simms Day."

"It's always been there for us," said MSU Head Football Coach Bill Baird. Baird says he was an assistant coach during Simms' days as an MSU Eagle.

"I wish I could be there, but I'll be watching and there is spirit," said Myron Sherr, advisor to MSU's Chapter of Tau Kappa Epsilon Fraternity in which Simms was an active member.

"He's still supportive of his fraternity brothers and rarely fails to stop in to visit the active when on campus," Doss said.
