COMMUNITY

Hospital fundraiser begun

Cardinal Hill Hospital, a 100 bed non-profit rehabilitation facility located in Lexington, is currently conducting its second fund-raising campaign. The hospital, under the ownership of the Eastern Bell Society, provides intensive rehabilitation services for patients suffering from birth defects, stroke, neurological injuries and other debilitating conditions.

The facility is accredited by the Commission for the Accreditation of Rehabilitation Facilities. Its programs include both inpatient and outpatient services to physical therapy, occupational therapy, speech and language pathology and psychological evaluation and counseling as well as an outpatient clinic that provides medical evaluation and post-rehabilitation follow-up services.

It also features a comprehensive health care program.

The 1987 television will be on April 4th and 5th. July Hawkins, who has been on the board since 1981, is the contact person for Nicholas County and individuals about our local need to support this vital facility. When a Nicholas County has need of rehabilitative services, Cardinal Hill was there. Let's be there for Cardinal Hill.

data for the WHID observation was changed to April 7 to encourage student participation. Schools in most counties are closed in July.

The 1987 national "Healthy Living: Everyone A Winner" focuses on sensible lifestyles and emphasizes the positive role that individuals and communities can take to protect their health worldwide.

The 1987 International WHID "Promotion: A Choice for Every Child" will highlight the importance of global immunization in meeting the World Health Organization's goal of eradicating polio by the year 2000.

"Everyone A Winner" stresses that we are in a race against time for health for all by the year 2000, the goal of the World Health Organization and the Pan American Health Organization. Malnutrition, lack of clean water and sanitation, and inadequate or nonexistent health care services are obstacles which must be met in the next 13 years if "Health for All" is to be achieved.

A healthy lifestyle also includes health awareness, supporting or participating in efforts which may spare others needless death, disease, and suffering. "Healthy Living" can help reinforce that "Health for All" will mean "Everyone A Winner."

This article prepared by Leo Rose, RN, Nicholas County Health Center. For more information please contact Leo Rose at the Health Center at 298-2128.

Health Tips from Leo Rose

World Health Day (WHD), celebrating every April 7th, calls attention to the importance of maintaining good health and well-being with others and worldwide.

World Health Day unites the entire health field because it is the observance to bring together the many issues, specialties, and professions in health care. World Health Day links the entire world in special programs.
