ATTENTION

VOTE FOR STUMBO FOR GOVERNOR

Wallace Wilkinson's campaign looks like it is based on one issue. The Lottery. Let's look at the facts.
1. A lottery has to pass the Kentucky legislature. It never has. It is brought up almost every session. But never passed.
2. If a lottery passed the legislature, it would go before the people and must be voted on and approved by the people. This would take 2 or 3 years to do. Before one cent could be used for any program.
3. Wallace Wilkinson has never said how he would fund the 1.3 billion workman's comp. That is going in the red every week to the tune of 2 million a week. How he would fund the school legislation, passed but not funded.
4. Not John Y. Brown, not Steve Beshear, not Julian Carroll. No, I repeat, no other candidate except Grady Stumbo has addressed this issue. Why?
5. No other candidate has addressed the unmined minerals tax but Grady Stumbo. Why?
6. When a person with a pick up truck pays more tax on the truck, than Norfolk and Southern Railroad pays on \$8,000,000 other candidate but Grady Stumbo has addressed this issue? Grady Stumbo says it's time the big multi-billion dollar corporations pay their fair share, so far they have not.
If you are really serious about change. If you want to see government operated for all the people. If you feel that the working people are already over taxed. If you want to see the democrat party returned to the working people.
Vote for, work for, Grady Stumbo. Why take a chance on someone else? The working people's friend.
Vote for Stumbo for governor.
Paid for by Nicholas County campaign committee. Eddie Carter, Treasurer.
