The hosts added a third quarter score, while Nicholas County could only answer with a fourth quarter 20 yard pass from Day to Trip Fryman. Workman again grabbed a pass for a two point conversion, but it was too little, too late for Nicholas County.

Fryman, who was injured in the game, carried the ball four times for 41 yards. Collier Mathias had 21 yards on two carries. Frankie Johnson finished with eight carries and 33 yards and Workman picked up 37 yards on 11 attempts.

Day was 11 of 23 passing, for 114 yards, but had five interceptions. Fryman finished with a game high 10 tackles, in finishing his playing career with Nicholas County football squad.

Mathias had seven carries, and Day, also a senior, finished with six tackles. The season allowed us to get our younger players a lot of experience," said NCIS Head Coach Bobbie Barr.

"We lost a lot of players, nearly all season long with injuries, and that hurt us a great deal. Our team represented the school the best we possibly could, and I will have to say our boys played hard."

"I would like to express appreciation for the support we received from the administration, booster club, parents, and the many others associated with the football program. We also appreciate the fan support we received this season."

"I would also like to express my appreciation for my assistant Greg Letcher, who is a big asset to the football program," concluded Barr.
