NCHS loses to Raceland

CARLISLE - Nicholas County fell behind 8-0 in the first quarter in losing to Raceland last Friday night 39-0.

The visiting Rams exploded for 24 second quarter points to put the game away.

Raceland added a final score in the last quarter.

Nicholas County moved into Raceland territory on two occasions, but was unable to score.

Tip Fryman led Nicholas County with 78 yards on nine carries, before leaving the game in the second half with a knee injury.

Frankie Johnson had 46 yards on 11 carries.

The Jackets failed to complete a pass for the first time this season.

Johnson had 11 tackles to lead a hard working defense for Nicholas County.

"We just simply had to play de-f-nse too much, Friday night," said NCHS Head Coach Robbie Barr.

"Raceland was a strong, well schooled football team, and had the manpower to keep the offense going.

"That first drive, which covered nearly seven minutes in the first quarter, kept our defense out there way too long. We simply couldn't move the ball on offense all night.

Injuries hurt Nicholas County against Raceland, as they have all season long.

"We're likely to be playing several freshmen and younger players against MMI. We have had to all season, like against Raceland, and toward the end of the game we simply didn't have enough experienced players.

"We have had to go with our youth, and I guess that's the way it will have to be.

"We have several fine young players, and they'll just have to play game after game. Injuries have been an enemy to us.

"The real bright spot is this will give these younger players, full scale, 'mag' game competition," Barr concluded.

Kickoff for the Nicholas County-MMI game Friday night is set for 8 p.m. The game will mark homecoming for the Bluejackets.
