NCES celebrates Kids' Day

By Heather Mathes
Of the Carlisle Mercury Staff

Thanks to Kentucky Governor Martha Layne Collins and P.T.A. (Parent teacher organization) kids in Kentucky have a special day all to themselves.

Last Tuesday the P.T.A. commemorated Kentucky Kid's Day by giving away 10 milk shakes and two meals from the Dairy Queen.

These were drawn by Amanda Louise Gaunce, kindergarten student, with the help of Brenda Mattox, P.T.A. activities coordinator, from a box containing all elementary school children's names.

Winners of the milk shakes were Bobby Prine, kindergarten, Larry Bowles, first grade, Joshua Mann, second grade, Jeremy Terrell, second grade, Rebecca McGlothlin, fourth grade, Jason Bagle, sixth grade, Angie Beach, eighth grade, Melissa Davis, eighth grade, and Bobby Ann Thomas, eighth grade.

The winners of the meals were Lisa Livingood, fifth grade, and Dewey Robinson sixth grade.

P.T.A. has just finished the September membership drive with 575 members.

Keli Ishmael convinced 52 to join while Tryna Ishmael got 42.

Brenda Mattox said, "Even though our membership drive is over, anyone may still join at any time."

Upcoming P.T.A. activities include Winter Carnival, November 13.

Sheriff's office profile given

By Heather Mathes
Of the Carlisle Mercury Staff

This is the first in a series of reports dealing with public officials and their duties.

How many of us really know all of the public officials, county and city that are there to serve us and generally make our life easier?

Sheriffs are elected every four years.

Nicholas County Sheriff, Charles Ring was elected to help make our county feel safe, two years ago in January.

"My list of duties includes, tax collection, review of all legal documents, attendance of court, vehicle inspection, criminal and accident investigation, making arrests, transportation of prisoners to federal and state institutions, and attending all school and civic activities," Ring said.

When asked what he would do in a tax collection case, he said, "It's a long story but basically if a person can't pay then the case is turned over to the county attorney."

Every court that is in session, finds the sheriff or his deputy, Charles Smith, present.

Vehicle inspection is, "If you happen to buy a car or any other vehicle out of state, before you may get it licensed it must be inspected by me," Ring said.

Ring acts as a criminal and accident investigator if there is a burglary or fight of some kind.

About making arrest Ring says, "We haven't had anything really serious so far, knock on wood."

Federal and state prisons that prisoners are transported include La Grange, Eddyville, and Pee Wee Valley, a women's correctional facility.

Activities the sheriff or one of his staff must attend include all school and sports activities.

Charles Smith, deputy has much of the same duties.

"Imogene Green," Smith explains, assumes the duties of secretary but she is actually a deputy, also.

Ring and his staff have been serving for a total of six years and as Ring puts it, "Nicholas County has not had that much trouble or given us bad trouble."

Your electricity costs were low... now they're even lower.

500 kwh
~~$30.21~~
now
$26.88

Your electricity costs are lower now than in 1984. In '84, a KU residential customer's bill for 500 kilowatt hours of electricity was $30.21—which was, even then, among the lowest on the U.S. Labor Department's nationwide survey of electricity costs.

Today, the same 500 kwh of electricity costs 11 percent less—and KU remains committed to providing service that's as reliable as possible.

If your electric bill is somewhat higher than it used to be, your living habits likely have changed and you're using more electricity than before.

In KU's service area, dependable, clean electricity is a real bargain. During this, our 75th anniversary year, we thank you for agreeing that *bright ideas are always electric.*
