

BUSINESS PROFILES

Small spends over 40 years "in the garden"

Blissful with life, and with color and the small is to be admired. Small is the proud owner and manager, with over 40 years experience. Obviously, the constant change to colors and personal items have not altered his ability to keep up on current styles and trends. Born and raised in Carlisle, Small is an stranger.

He married the former Mary Jane Thompson in 1943. It was at this time his interest in horticulture began. Small's father-in-law had a great shop on Archibald Avenue. Small went to work for Thompson's, reading books about flowers, and other things related to the floral business.

"Watching my father-in-law work around his shop, probably helped me more than anything," Small said.

On January 1, 1947, Small took over the greenhouse, and moved it to Eastern Avenue. The Small's have four children, Susan, Jane, Catherine, and John. With an abundance of grandchildren, 16.

Small's Greenhouse has a variety of fresh, wild, and dried flowers. Wedding plants are available, in season.

The greenhouse is a member of the Floral Treasures Delivery (FTD). Small added he can send flowers anywhere in the world, through the FTD Network.

Small also handles weddings, funerals, birthdays, and other special occasions. Small served in the United States Army for 5 and one half years.

"I have seen several countries, and how times have changed. When I was going to school, my mom told me that if I got a whipping while at school, I would get another

one when I got home. You don't hear much about that kind of discipline any more," said Small.

"I think education is the most important thing for a young person now-a-days, even to become a farmer, you need to go to school, to study biology."

Small said he can remember back when people took a job for heart, and was only making \$1 a day.

"He never had a hard time, but we didn't have any money either," added Small.

The greenhouse has two, sometimes three, employees all the time. In the spring as many as seven, may be on the job.

Small added that Janis Duncan, former Merry Merry employee, used to work for him.

The greenhouse is open Monday through Friday 8 a.m. and a half day, until noon, on Saturday.

If for some reason, a person finds he has nothing real important to do, or that isn't what he might want to consider into Small's Greenhouse to catch a breath of fresh air.
