Morehead percussion group wins national competition

MOREHEAD Morehead State University's Marching Percussion took top honors in the National Marching Percussion Forum at the Percussion Arts Society International Convention in San Antonio, Texas, a graduate student.
 Anna Loville, a member of Morehead State University, is a member of the performing group.
 "Morehead State University is now high recognized as having one of the leading percussion programs in the nation," said Frank Oddie, MSU assistant professor of music and coordinator for the marching program. In addition to taking first place in the overall competition, MSU won first place in three of the five individual categories: "best pit," "best drum line," and "best snare line." MSU competed against seven schools: the University of New Mexico, University of Arizona, McNeese State, University of Tennessee, University of Texas, Texas Tech, and the University of Southwestern Louisiana.

John Brock addresses Limestone banquet
 By Julie Pfeiffer
Of The Carlisle Mercury Staff
 Superintendent of Public Instruction John Brock paid a visit to Nicholas County Monday night to speak at the awards banquet for the Limestone Academic League.
 In his speech he noted that things were different than when he was in high school. At that time he said, only athletes were looked up to, not the intellectually strong.
 The banquet has been held in Mayville for the past few years, but the 19th Hotel Restaurant was able to host the banquet this year as a banquet that included over 270 guests from the eleven schools in the league.
 Nicholas County finished third in the league, Academic Coach Kathy Green said. Their overall record was 8-2, usually from 8:00 to 8:30. Then on Wednesday there was a longer practice of an hour and a half.
 Of the 24, six are seniors. This mood was set for a winning season when the team played Bracken County in their first game.
 "Bracken County is like our school in many ways," he said. "We tried three individual achievements in the league, as Guthrie placed fourth in points in Science

and Humanities. Koury placed fifth in the league in Language Arts.
 Green said that this year has been a great one for team sports.
 "Some of them have been together for four years," she said, adding that three of the Nicholas County players had overall scores only slightly less than the fourth place winner Anna Koury.
 Each player can compete only in three of the five areas of Language Arts, Math, Science, Social Studies and Humanities.
 The 24 players practiced every morning, Green said, usually from 8:00 to 8:30. Then on Wednesday there was a longer practice of an hour and a half.
