COMMONWEALTH OF KENTUCKY
AUDITOR
OF PUBLIC ACCOUNTS

BOB BABBAGE

123 CAPITOL ANNEX
FRANKFORT 40601

To the People of Kentucky
Honorable Wallace G. Wilkinson, Governor
Honorable Ronnie Lyons, Secretary
Members of the Nicholas County Fiscal Court

We have examined the statement of assets, liabilities, and fund balances arising from cash transactions of Nicholas County, Kentucky, as of June 30, 1987, and the related statement of cash receipts, cash disbursements, and changes in cash balances for the year then ended. We also examined the Sheriff's settlement - 1986 taxes for the fiscal year ended June 30, 1987. Our examination was made in accordance with generally accepted government auditing standards, the Single Audit Act of 1984, the provisions of OMB Circular A-128, Audits of State and Local Governments, and the Audit Guide for County Governments issued by the Auditor of Public Accounts-Commonwealth of Kentucky, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We did not examine the financial statements of the Senior Citizens Home Care and Senior Citizens Title III Funds. Those financial statements were audited by other auditors whose report thereon has been furnished to us and our opinion expressed herein, insofar as it relates to the amounts included for the Senior Citizens Home Care and Senior Citizens Title III Funds, is based solely upon the reports of the other auditors.

As required by the State Local Finance Officer, pursuant to Kentucky Revised Statute (KRS) 68.210, the accompanying financial statements are prepared on a cash basis. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. This cash basis system does not require the maintenance of a general fixed asset group or general long-term debt group of accounts. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, based upon our examination and the reports of other auditors, the accompanying financial statements present fairly the assets, liabilities, and fund balances arising from cash transactions of Nicholas County at June 30, 1987, and its cash receipts and disbursements and the Sheriff's 1986 taxes charged, collected, and distributed during the year then ended, in conformity with the accounting system described above, applied on a basis consistent with that of the preceding year.

The accompanying additional information, provided on Schedules A through F, including the schedule of federal financial assistance programs, is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to tests and other audit procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

As required by the Single Audit Act of 1984, we have reported on the county's financial statements (page 1), its system of internal accounting and administrative controls (page 26), and the county's compliance with laws and regulations (page 29).

The County has shown marked improvement over prior years in both its accounting procedures and compliance policies. We wish to commend the county for its efforts and urge that these improvements be maintained.

Sincerely,

Bob Babbage
