Drewitz joins Fellowship Ministries

Prison Fellowship Ministries (PFM), the international Christian outreach to prisoners, ex-prisoners and their families, has named Rick Drewitz as its area director in Kentucky. In this position, Drewitz will be responsible for coordinating all PFM programs in Kentucky and for working with the volunteers who administer the programs. Prison Fellowship Ministries was founded by former state and federal inmates in 1974, he became factory manager for Jockey International in Cincinnati and later in Carlisle. Drewitz was also a part-time reporter for the Bourbon County Citizen Advertiser in Paris. In 1987, participants in PFM's programs totaled 120,340. Drewitz replaces Burt Rose, who was promoted to

study tailored to the unique needs of prison life and follow-up Bible studies at the Kentucky State Reformatory in LaGrange, the Luther Luskett Correctional Complex in LaGrange, and the Kentucky Correctional Institution for Women in Pewee Valley. In Prison Seminars are also planned for the Federal Correctional Institution in Lexington, the Federal Correctional Institution in Ashland, and the Kentucky State Penitentiary in Edsallville. Other Prison Fellowship programs include One-to-One Visitation, Pen-Pal Correspondence, Community Service Projects (where inmates are loaned for one to two weeks to repair the homes of inner city residents), Marriage Seminars, and Project Angel Tree, an outreach to the children of prisoners at Christmas time.

Blood drive scheduled for July 25

The Nicholas County Donor Group and Central Kentucky Blood Center are urging all healthy Nicholas County residents to donate blood on Monday, July 25, from 2-8 p.m. at the First United Methodist Church. A free cholesterol screening will be performed on every pint donated and the results sent to each donor. The need for blood is always critical during summer months. A free cholesterol screening is an important service for everyone. Our mini-physician clearly shows that reduction of blood cholesterol levels will reduce the risk of heart attack in the future. Please come to the blood drive on Monday, July 25. It will not only make a difference to the health of patients in our hospital it could make a difference in your health as well! For more information, contact Jennifer Guggans at 1-800-423-9528.

CONTACTS IN SUNSHINE

Q. Do contact lenses provide adequate protection from summer sunlight? A. No. Even tinted contact lenses do not offer protection against the ultraviolet rays of the sun. The tinted lenses offer only cosmetic abatement for your eyes.

Whether you wear soft, hard or gas-permeable contacts, a pair of quality "real" sunglasses with plano lenses will protect your eyes from overexposure to bright summer time sunlight. They also help filter out the glare off the water in sports such as boating, fishing and water skiing.

Contact lens wearers who work outdoors - construction workers, lifeguards, sportsmen and women, truck drivers and others - would be visually more comfortable, and would protect their eyes, by wearing sunglasses on bright summer days.
