

GENERAL NEWS

Ridin' the rails; old 152 keeps chuggin'

An historic Kentucky ride; bringing back memories

The Annual Steam Train Excursion... About 600 people turned out for

The opening run, and rode the rails from Paris to Mayville...

The 85-year-old steam engine... The main attraction on the excursion...

Louisville Bratcher was one of the three men running the steam engine and his fire...

Some things you never forget and life on the rails is one of them, said McCord...

The day for passenger trains in America was around 1916, but passenger service declined after the 1940s...

Passenger train service was available in most small towns and those who traveled on the trains remember the quality service and companionship...

Many trains were equipped with plush cars and the food was excellent. There was usually a club car where you could have a drink and listen to music, said Albright...

Mayville, near the end of the C&O Railroad lines, had service by as many as seven passenger trains, three east, four west each day...

Rail travel used to cover the United States, much like a blanket, but has since diminished to near obscurity...

Travel Builders, Inc. to Victor Blane and Angela R. Dryden, deal to tract land near Morehead Road...

William E. and Patricia J. Hunter, deal to 172 acres of land on road leading from Sprout and Bethel...

Robert Evans, doh 11/9/85 Assault, 2nd degree KRS 508.020. On Comm. motion amended KRS 508.030 Assault, 4th degree, Costa...

4-H Clubs offer a variety of activities

By Michelle Havens... Many activities that children and adults can participate in are revolved around clubs of different interests...

4-H clubs offer a wide variety of activities for children to take part in. There are many different types of 4-H clubs in Nicholas County...

The horse and Pony Club Camp did not begin until after the school day was over. Mrs. Ann Haman, Tish and Jan's mother, said that she traveled back and forth to many areas of interest and also has a camp of its own there...

The horse and Pony Club, however, has its own personalized camp for club day and watched a movie, members only. Only two members from Nicholas County attended the three day camp in Harrison County this year...

After lunch, the campers had to walk their horses to mow them down and then they were allowed a couple of hours of free time to walk horses or do something else...

After lunch the campers had breakfast. Afterward, they bridled their horses for a showmanship class. Then they went back to stable to the horses' saddles on them...

The camp was a learning activity for the participants who already had a knowledge of horses. Friday, May 13, was an orientation time since the school day was over...

The Hamons spent their first night at the camp instead of driving back home to Carlisle. The first thing they did the next morning was make

made their way to McDonald's for their evening meal. After returning from the trip to McDonald's, Tish and Jan left to go home and did not get to bed for the next day's closing activities...

The campers left the Harrison County 4-H Center on a horse drawn wagon and made their way to McDonald's for their evening meal...

1987, when adjusted for inflation. An estimated 18,900 jobs were supported by travel spending in the region...

The new figures are good news for this region. Oaken said. They show that tourism is the state's largest industry...

Tourism continues growth

1987, when adjusted for inflation. An estimated 18,900 jobs were supported by travel spending in the region...

The new figures are good news for this region. Oaken said. They show that tourism is the state's largest industry...
