GENERAL NEWS

Robert Littrell spending time in Carlisle

By Heather Mathews
The Carlisle Mercury has many Nicholas Countians who have seen a new face at Hopkins Drug on Main. The new face is Robert Littrell, a student at The University of Kentucky in the Pharmacy Eastern Program. Littrell is a resident of Lexington and makes the trip to Carlisle daily.

How did he manage to end up in Carlisle, Kentucky? "We were placed by the college where ever they had a spot available after we applied for the program," Littrell explained.

The young pharmaceutical student will graduate soon but has no plans after that time. He said, "I graduate this next December with a Doctorate in Pharmacy but I am not really sure of what I will be doing afterwards."

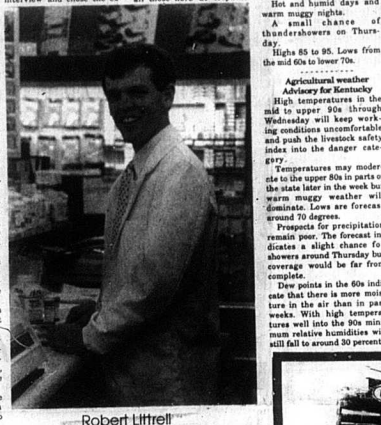

David Zachary is glad to be one of the businesses considered in the extern program. "I think the University of Kentucky has a good program and I think it is really a favor both ways because they are immediately helpful to me and in turn I can teach them how to operate a business," said Zachary.

He explained, "The extern program also gives the student valuable work experience but helps me get done what has to be done."

The program also gives students work in different areas.

Zachary said, "This exposes them to working in different areas including hospital pharmacy situations, chain pharmacies and private businesses."

According to Zachary, the program gives students a chance to decide what to do after graduation.

Robert Littrell

NOTICE

THE CITY OF CARLISLE AND THE NICHOLAS COUNTY WATER DISTRICT would like to ask at this time that all water customers please conserve as much water as possible. Currently the water situation is holding its own but given the extremely hot weather and the lack of rain the water situation could change for the worse within a period of one to two weeks time. If this should happen further notices will appear in the paper. If anyone should have any questions concerning the water please contact Lee Bentz, Mayor or Charles Watkins, Water District Chairman.

NOTICE OF CLEANUP

According to KRS 38.179 Sec. (1) It shall be unlawful for the Owner, Occupant or person having control or management of any land within a city to permit a public nuisance, health hazard or source of filth to develop thereon through the accumulation of rubbish or the excessive growth of weeds or grass.

Mayor Bentz has proclaimed June 27 and June 28 as City of Carlisle Clean Up Days. At this time, the City maintenance crew will be picking up all trash and rubbish that cannot be picked up by the regular trash truck. Everything needs to be by the curb unless it is an odd appliance. Please contact City Hall at 289-5300 or one of the council so we can enter your name on a list for pickup.
