## Carlisle Council to schedule public hearing

**By Heather Mathes**  
of The Carlisle Mercury Staff  
Carlisle City Council tabled the acceptance of blacktop bids for city streets. Council was unable to accept bids presented at Monday night's special session, because there must be a public hearing held before bids may be accepted.

**Ministerial Association asks for help**  
Due to the excessive heat wave this summer, there has been a rising number of people in the community in desperate need of air conditioners and fans.

## Water advisory issued

**By Heather Mathes**  
of The Carlisle Mercury Staff  
Carlisle City Council issued a water advisory at a called meeting held Monday evening, June 27.

## Tobacco crop could be worse than 1983

This year's barley crop, already down 25 percent, could be worse than 1983, according to an expert said.

Watson concluded, "If we go ahead and put a notice in this week's paper and have the hearing 20 days after, we can see the interest before the hearing is over."

**Water advisory issued**  
The council sets a minimum of 200 gallons per day for each person in the city. The advisory is in effect until the council meets again.

**Tobacco crop could be worse than 1983**  
Some growers are saying that without a good rain within two weeks, 1988 could produce a worse barley crop than 1983.

**Drought related stories and pictures . . .**  
This year, the drought started early and has had to conserve water as much as possible to cope with it.

Watson added, "There is no specified when the contract is executed or must accompany the bid."

Elched and straining against the collar and a possible weight of 7200 pounds in this closely matched pair of light weight Belgians. The high mode is key to the final round in the round light weight category (including the combined weight of the teams weighs 5,000 pounds or less) of the Annual Horse Pulling Contest sponsored by the Bluegrass Horse Pulling Association held June 25 at the former Waggoner and Wilson Farm. Heather Mathes Photo.

This young specimen checked on every team that pulled at the Bluegrass Horse Pulling Association's annual contest held last Saturday, June 25. Heather Mathes Photo.
