Fragrant summer herb garden thrives; Leaves scents for those drab winter months

By Heather Medusa
of the Carlisle Mercury Staff
Summer is a time for many different fragrances...

noticed a difference in the amount of flies around our home... expanding on as late as the herbs come back each year...

Rosmary: winter herb used for hands and skin. Sage: flavoring for poultry, pork, cheese, egg dishes... Basil: used in tea, fruit salads, drink and pot pourri...

Temperatures help
Milder temperatures gave Kentuckians a brief respite from the recent record-breaking heat wave, but there was no relief for farmers struggling with the relentless drought.

U.S. Department of Agriculture Secretary Richard Lyng on Monday authorized additional emergency provisions for farmers in drought-stricken areas.
Her producers in counties approved for emergency hay and grazing of conservation acreage may now sell their hay to anyone.
Previously, producers were only allowed to recover expenses incurred while harvesting the hay.
