DOWN FROM THE SKY

Mercury Staff Photos
By Michelle Havers

Nicholas County High School students, along with grades six-eighths from NCHS were entertained by the production of *Down From The Sky*, last week. The musical *Drug Abuse Prevention Program* by Geraldine Ann Snyder and Paul Lenzis starred Snyder in the presentation. The program was initially funded by the City of Louisville and Our Lady of Peace Hospital in Louisville. The NCHS presentation was funded in part by a grant.

Project graduation gathering steam

By Heather Mathews
of The Carlisle Mercury Staff
The time is growing near for caps and gowns, class night with glowing reminiscents, and PROJECT GRADUATION!

Plans are in the final stages for the seniors to go out with a bang, but a safe bang.

Mrs. Sue Kirby explained the plans for the night that

have so far been completed and those nearing that condition.

She said, "Sound & Unlimited have donated their time for the all night event, a 13 inch color television is our grand prize (from Garrett's Furniture) a Jello Ring is being built for the wrestling match taking place at 4 a.m., bubble gum blowing and lip sine contests are planned, luggage, telephones, lamps (from Tussey's Furniture), gas, pizzas and tanning bed sessions and cash prizes, just to mention very few items that are all being given away."

But Project Graduation is

still accepting donations of any kind.

According to Kirby, it is important to know where your children are but also important for graduation night to be special to your child and Project Graduation is the way to insure both.

"We were able to do that last year and we want it to be that way again," said Kirby.

"We are able to do that last year and we want it to be that way again," said Kirby.

"We are able to do that last year and we want it to be that way again," said Kirby.
