

Senior Class President Comments:

"In the words of Charles Dickens, 'It was the best of times, it was the worst of times.'"

The Class of '88 has enjoyed some shining successes in the face of adversity.

We have had successful basketball and baseball teams. Many of our classmates excelled in academics, winning many honors. Project Graduation was another success.

And I feel we have been prepared to face the next step in our lives, graduation.

From this point, we will face many challenges.

Some will go to college and continue their education. Some will immediately enter the job market and some will just take it easy after graduation.

We have a lot to look forward to and much work to do.

But I feel that, even though there is some anxiety about the future, we are all excited about what lies ahead in our lives.
