

# DON'T PAY DOUBLE TAX... SHOP AT HOME

Part of every dollar you spend goes to pay for community services and benefits... wherever you shop.

When you shop at home in your local stores, part of your dollars go to pay tax-supported services and benefits at home. If you shop in

some other city you pay for those services and benefits there.

The worst part is that when you shop out of town you still have to pay your share of those services at home too.

Don't double up your expenses...Shop At Home.

## SHOPPING AT HOME CAN SAVE MANY THINGS...
